TRANSFER AGREEMENT

between

LONG ISLAND UNIVERSITY, BROOKLYN CAMPUS  
1 University Plaza  
Brooklyn, NY 11201

and

KINGSBOROUGH COMMUNITY COLLEGE  
The City University of New York

Upon completion of the requirements of the Associate in Applied Science (AAS) degree in Accounting or Business Administration, graduates of Kingsborough Community College (KCC) of the City University of New York will be admitted to the School of Business, Public Administration and Information Sciences of Long Island University, Brooklyn Campus, as candidates for the Bachelor of Science (BS) in Accounting, Finance, Information Systems, Management, and Marketing or the Bachelor of Science/Master of Science (BS/MS) in Accounting. All the BS programs and BS/MS in Accounting are registered and approved by the state of New York. Also, the BS/MS fulfills the requirements to sit for the Certified Public Accountant (CPA) exam to qualify for State licensure.

*The graduates of KCC will be enrolled as juniors in any of the aforementioned BS programs or the BS/MS in Accounting. No student will be expected to repeat a course in which a grade of C or better is received.*

It is agreed between the School of Business, Public Administration and Information Sciences and Kingsborough Community College that:

1. Students from KCC who have completed the requirements for an AAS degree in Business Administration and enrolled in the BS in Finance, Information Systems, Management or Marketing at LIU will be guaranteed 56 credits (if Physical Science is used to satisfy KCC Group V requirements) and 55 (if any other option is used to satisfy KCC Group V requirements) upon admission provided that they have achieved a grade of C or better in each of the courses outlined in Appendix A, which are used to grant transfer credits. With 56 (55, respectively) credits

transferred, one will need to earn 72 (73, respectively) additional credits to meet the requirements for BS in Finance, Information Systems, Management, or Marketing at LIU.

An additional 2 credits may be granted after review of the 2-credit unspecified elective in the KCC plan of study for AAS in Business Administration.

**RECOMMENDATION:**

It is recommended that the students choose one course (for 3 credits) from the following list: Speech (Group I), Literature or Philosophy (Group II), and History (Group III). Under these conditions, if the 2 unspecified credits happen to be liberal arts credits, they will be granted as liberal arts transfer credits. Also, an additional transfer credit in liberal arts will be granted if Biological Science or Mathematics is used to satisfy Group V requirements.

2. Students from KCC who have completed the requirements for an AAS degree in Accounting and enrolled in the BS/MS in Accounting at LIU will be guaranteed 47 credits (if Computer Science is used to satisfy KCC Group V requirements), 50 (if Biological Science is used to satisfy KCC Group V requirements), or 51 credits (if Physical Science is used to satisfy KCC Group V requirements) upon admission provided that they have achieved a grade of C or better in each of the courses outlined in Appendix B, which are used to grant transfer credits. With 47 (50 or 51, respectively) credits transferred, one will need an additional 103 (100 or 99, respectively) credits to meet the requirements for BS/MS in Accounting at LIU.

**RECOMMENDATION:**

For granting maximum transfer credits, it is recommended that the students choose two courses (for 6 credits) from the following list: Speech (Group I), Literature or Philosophy (Group II), and History (Group III). Under these circumstances, 3 transfer credits will be granted for HPE 12 (KCC) and a total of 9 transfer credits will be granted for Groups I-IV (KCC). Also, an additional transfer credit in liberal arts will be granted if Biological Science or Mathematics is used to satisfy Group V requirements.

3. Students from KCC who have completed the requirements for an AAS degree in Accounting and enrolled in the BS in Accounting at LIU will be guaranteed 52 credits (if Computer Science is used to satisfy KCC Group V requirements), 55 (if Biological Science is used to satisfy KCC Group V requirements), or 56 credits (if Physical Science is used to satisfy KCC Group V requirements) upon admission provided that they have achieved a grade of C or better in each of the courses outlined in Appendix C, which are used to grant transfer credits. With 52 (55 or 56, respectively) credits transferred, one will need to earn 76 (73 or 72,

respectively) additional credits to meet the requirements for BS in Accounting at LIU.

**RECOMMENDATION:**

It is recommended that the students choose one course (for 3 credits) from the following list: Speech (Group I), Literature or Philosophy (Group II), and History (Group III). Under these conditions, if Biological Science or Mathematics is used to satisfy Group V requirements, an additional transfer credit in liberal arts will be granted.

4. Annually, KCC transfer students, upon completion of the requirements for an AAS degree, with a minimum GPA of 3.75 will be automatically considered for one of the two full-scholarships from Long Island University, Brooklyn Campus. The Office of the Dean at KCC will select the scholarship winners.
5. As a special consideration to this agreement with KCC, LIU-Brooklyn Campus will grant an unlimited number of Presidential Scholarships and the Provost's Excellence Awards under a newly approved provision for KCC transfer students, which reduces the required minimum of transferable credits from 48 to 45. To be eligible for the Presidential Scholarship, a KCC transfer student must have a minimum GPA of 3.75 and 45 transferable credits. To be eligible for the Provost's Excellence Award, a KCC transfer student must have a minimum GPA of 3.5 and 45 transferable credits.
6. Entering students from KCC, covered by this agreement shall, enjoy all other financial aid benefits and considerations where applicable in conformance of current guidelines and regulations in effect at Long Island University, Brooklyn Campus.
7. Appendix A lists all KCC courses for the AAS in Business Administration that have been approved by the School of Business, Public Administration and Information Sciences for granting transfer credits to students entering the BS in Finance, Information Systems, Management and Marketing at LIU, Brooklyn Campus. Similarly, Appendix B lists all KCC courses for the AAS in Accounting that have been approved for granting transfer credits to students entering the BS in Accounting. Appendix C lists all KCC courses for the AAS in Accounting that have been approved for granting transfer credits to students entering the BS/MS in Accounting.

This agreement may be amended by mutual agreement in writing executed by the officials executing this agreement or their successors.

## Articulation Agreement

### APPENDIX A

The following courses have been approved by the School of Business, Public Administration and Information Sciences for transfer credit from the AAS degree in Business Administration from Kingsborough Community College (KCC) at The City University of New York towards the BS degree in Management, Finance, Marketing or Information Systems at Long Island University, Brooklyn Campus. All courses transferred to the Brooklyn Campus must have a grade of "C" or better for credit to be received. The listing establishes the course equivalencies between the two institutions.

AAS in Business Administration-KCC

BS in Management, BS in Marketing, BS in Finance, BS in Information Systems, LIU- Brooklyn Campus

#### Required Courses

English 12 (4 cr.)
