Electives in Arts and Sciences to complete the 120 credit degree requirement

Procedures for reviewing, up-dating, modifying or terminating this agreement:

When either of the programs undergo any changes, this articulation agreement will be reviewed and revised as necessary by one or two members of the faculty of each institution's department, selected by their respective Chairpersons, to represent them.

At the end of semester the various representatives of each institution as indicated above will review the performance of the transfer students to determine if adjustments to, or termination of the articulation agreement is warranted.

Procedures for evaluating the agreement and tracking the number of students who transfer under the articulation agreement and their academic success:

At the end of each semester the receiving program, in order to follow the progress of transfer students, shall generate a log indicating:
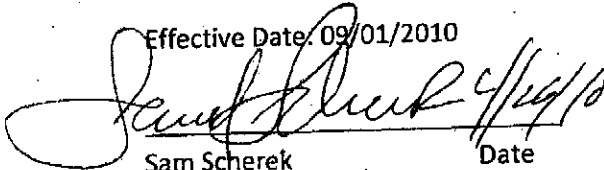

1. The names and number of students who transfer under the agreement.
2. The total number of credits completed to date and the grade point average for the semester of attendance.
3. The cumulative grade point average of the transfer students

The log will be made available to the transfer advisor for the students as well as the Departmental Chairperson and Dean of both institutions for their assessments.
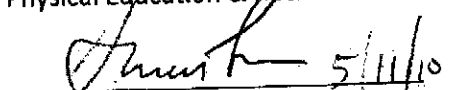

Publicizing the agreement:

1. This articulation agreement will be publicized on the New York City College of Technology Health Services Administration Program's website and the Kingsborough Community College website.

2. This articulation agreement will be publicized in the New York City College of Technology and Kingsborough Community College's catalogues.

3. The articulation agreement will be publicized by the transfer student advisors.
