During Passover – Starting evening of 4/22/24 through 4/30/24 - offices open but **no classes** held

Memorial Day - Monday 5/27/24- campus closed, **no classes**

Juneteenth - Wednesday 6/19/24- campus closed, **no classes**

CERTIFICATE PROGRAMS

In order to earn a certificate, you must meet an 80% attendance requirement, receive a passing grade, and complete all assignments. Completion certificates are earned when all required courses within the program have been successfully completed. Most certificate programs are approved by the NYS Department of Education for the training of veterans and others eligible in accordance with Section 1775, Title 38, U.S. Code.

IDENTIFICATION

All Continuing Education students are required to carry an updated photo identification card at all times.

A photo identification card is issued by Kingsborough Community College in Room L202 during the following schedule:

Monday – Thursday from 9am until 7pm and Fridays, 10am through 3pm.

Please call the public safety office at 718-368-4800 to confirm.

EMERGENCY SCHOOL CLOSING

In the event of an emergency closing due to severe weather conditions or other emergencies, please call 718-368-5052 or visit our website www.kbcc.cuny.edu. The best way to receive emergency closing notifications is to sign up for CUNY Alert at <http://www.cuny.edu/news/alert.html>

Contact us at 718-368-5052 for more information

CENTER FOR CAREER DEVELOPMENT & EXPERIENTIAL LEARNING

The mission of the Center for Career Development & Experiential Learning at Kingsborough Community College is to provide career services to students and alumni through career exploration, professional resources and programming.

Career Advisors are available to give students individualized assistance to develop career goals, including help with choosing a major, internships, workshops, and job search assistance. The Center offers workshops to students throughout the semester on a variety of career-related topics, including, but not limited to, resume, interview, workplace etiquette and networking.

In addition, the office provides a multitude of programs and events, such as job fairs, on-campus recruitment and information sessions, which allow students to explore various career opportunities.

Stay up to date regarding upcoming workshops and events with their weekly newsletter, visit them here: <http://www.kbcc.cuny.edu/career/documents/C102.pdf>.

ACCESS RESOURCE CENTER

Kingsborough Community College's Access Resource Center, the nation's first at a community college, is your one-stop place to get connected to government benefits and resources. Whether it's childcare, SNAP, clothing, or transportation, you can get a referral for what's available to you – where you live and when you need it.

Call 718-368-5411 or 6713.

They offer benefit screening, legal consultation, financial consultation and tax preparation too!

Additionally, they coordinate:

- Distribution of FREE vegetables grown on campus at the KCC Urban Farm
 - Distribution of FREE food staples at the KCC Food Pantry
 - Clothing donations
 - Assistance with recertification of benefits
 - Assistance obtaining other government resources and so much more!
-

ACCOMMODATIONS & ACCESSIBILITY

Requests for accommodations must be submitted with documentation of disability. Submit requests and documentation in advance of your class start date to ensure that reasonable accommodation requests can be processed in a timely manner. Accommodations may take 3-4 weeks to process.

Please contact Vickie DiMartino at 718-368-5669.

College Administration, in cooperation with NYCT Paratransit, has established 3 specific Access-A-Ride (AAR) stops at Kingsborough Community College. Each of these locations has specific GPS coordinates along with signage to aide in the successful connection of the AAR vehicle/driver and customer.

If you experience any difficulty during the reservation process, please ask to speak with a supervisor.

Access-A-Ride 1-877-337-2017 / 718-393-4999

THINGS YOU SHOULD KNOW

CLIP is an intensive, pre-matriculation English as a Second Language (ESL) program. CLIP is an option for students who have been accepted to CUNY and need to improve their academic English skills before taking college courses. Students who have been accepted to a CUNY college and informed that they are not English proficient can begin CLIP in any semester and spend up to one year in the program. Please bring proof of college acceptance to registration, if possible.

Registration is now open, please call 718-368-4870 for more information or assistance with registration.

Zoom meeting ID: 857 4347 7610 Zoom passcode: 667012

HIGH SCHOOL EQUIVALENCY General Educational Development (GED®)

The New York State Education Department requires all examinees to meet eligibility for HSE/GED® Testing. Speak with one of our advisors to see if you are eligible by calling 718-368-5051.

HSE 00- GED® High School Equivalency Prep

Mondays / April 8 - June 24 / 5:45pm-10pm / ONLINE / \$250

Wednesday / April 10 - June 12 / 5:45pm-10pm / ONLINE / \$250

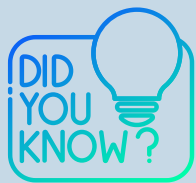

Saturdays / April 13 - June 15 / 9am-1:15pm / ON CAMPUS / \$250

Tues & Thurs / May 2 - June 13 / 6:45pm-9:45pm / ONLINE / \$250

Each year, HUNDREDS of adults who prepare at Kingsborough earn their HSE diplomas, and many then go on to Kingsborough Community College's degree programs! You must be at least 18 years of age to enroll, and at least 19 years old to take the New York State exam.

Call 718-368-5051 for more information.

Note: You will need a TI-30XS calculator and GED® book. Textbook information will be provided.

Having an HSE credential will improve your opportunities for better jobs, training, promotions, and even more money or that those with their High School diploma and equivalency earn an average of \$9,000 more per year than those without?

Once you pass the HSE exam, our division staff will provide one on one college counseling services and assist you with meeting with a KCC admissions counselor!

HSE 70- Comprehensive High School Equivalency \$470

Mon - Fri / April 8 - June 17 / 9am-2pm / HYBRID

This comprehensive 250-hour course will prepare you for the State GED® exam. You will improve your skills (math, social studies, science, reading, and writing) and acquire test-taking strategies to help you pass the required practice test to be eligible to take the GED® exam.

For more information, call 718 368-4870, or use Zoom meeting ID: 857 4347 7610 Zoom passcode: 667012

HSE 71- Alternative High School Equivalency Preparation- Diploma Now \$100

Mon - Fri / April 8 - June 17 / 9am-2pm / HYBRID

This comprehensive 250-hour course will prepare you for the State GED® exam. You must be 17.5 years of age by April 2024 and cannot be older than 20 years of age when you enroll in the program. You must score a 9.0 grade reading level or higher on the TABE test, write an essay and sign a student responsibilities form.

For more information, call 718 368-4870, or use Zoom meeting ID: 857 4347 7610 Zoom passcode: 667012.

HSE 41- Math Intensive GED (High School Equivalency Prep) \$150

Wednesday / May 8 - June 12 / 6:45pm-9:45pm / ONLINE

This course focuses on math problems that will be given on the math portion of the GED® exam.

Note- You will need a TI-30XS calculator.

HSE 41E- Clases de Matemáticas para los estudiantes de Equivalencia de la Escuela Secundaria en Español \$150

Thursday / May 9 - June 13 / 6:45pm-9:45pm / ONLINE

Esta clase te ayudara a practicar y resolver los problemas de matemáticas que aparacen en el examen del GED®.

Va a necesitar la calculadora TI-30XS.

CUNY FATHERHOOD ACADEMY

General Educational Development (GED®)

The CUNY Fatherhood Academy (CFA) is a FREE comprehensive program designed to promote responsible parenting and economic stability for unemployed and underemployed fathers through education, employment and personal development.

The graphic features logos for Kingsborough Community College, CUNY Fatherhood Academy, The City University of New York (CUNY), NYC Young Men's Initiative, and CUNY Fatherhood Academy. It includes two circular images: one of a man speaking at a podium and another of graduates holding diplomas. The central text asks if the reader is a father or expectant father between ages 18 and 30, offering a free program. It lists services such as GED exam prep, parenting workshops, job readiness assistance, and financial incentives. An eligibility section lists age 18-30, father or expectant father status, and NYC residency. Contact information and a QR code for registration are also provided.

ARE YOU A FATHER OR AN EXPECTANT FATHER? BETWEEN THE AGES OF 18 & 30 WE HAVE A FREE PROGRAM FOR YOU!

WHAT WE OFFER

- Prep for GED Exams & College**
Earn a High School Equivalency Diploma while focusing on academic and personal success.
- Parenting Workshops**
Gain valuable information on your rights and responsibilities as a father, learn about parenting, men's health and financial literacy.
- Job Readiness & Employment Assistance**
Explore careers and receive assistance with employment resources
- Financial Assistance**
Earn while you learn! financial incentives, metro cards and enrollment to CUNY (application fees waived)

ELIGIBILITY

- Age 18-30
- Father or Expectant Father
- NYC Resident

TEST PREPARATION

SCHOLASTIC ASSESSMENT TEST (SAT)

RTP 01- SAT Preparation \$300

Saturday / April 6 - May 25 / 9am - 2:30pm / ON CAMPUS

An intensive course for high school students preparing for the SAT. Certified instructors provide review and practice under simulated test conditions to help prepare students for the verbal reasoning, optional essay portion, and problem-solving skills measured by the revised test. Study skills, coaching and test-taking tips are provided, as well as individual and group conferences with a certified college counselor. A workshop for parents and guardians is included in the last session. **Note: Course has a 30 min lunch break. Students are encouraged to bring a bagged lunch, as surrounding food options will be limited.**

RTP 02- SAT PREP- MATH ONLY \$175

Saturday / April 6 - May 25 / 9am-11:30am / ON CAMPUS

An intensive MATH ONLY course for high school students preparing for the SAT exam. Instructors provide review and practice under simulated test conditions to help prepare students specifically with the MATH component of the exam. Students will explore study skills while receiving coaching and test-taking tips.

College Board SAT Exam date is June 1st, 2024

HEALTHCARE INSTITUTE

The Healthcare Institute is a division of Kingsborough's Office of Continuing Education, offering a dynamic set of certificate programs and stand-alone courses. All are designed to provide students with essential skill sets necessary for today's burgeoning healthcare industry. With decades of experience and training, our faculty provides high quality instruction across all the disciplines. Students who successfully complete certificate programs at the Healthcare Institute are eligible to take the National Healthcareer Association's certifying examinations, which are nationally recognized credentials in the Allied Health industry. Tuition for healthcare courses excludes textbooks, uniforms scrubs/lab coats, exam fees and CPR/BLS certification unless otherwise noted.

If English is not your first language, you must have completed the Level 8 ESL class. See page 7 for ESL class schedules.

Mon - Tues - Wed - Thur / April 15 - June 20/ 6pm-10pm / HYBRID

This course introduces students to the needs of the patient, legal/ethical issues, effective communication and anatomical changes accompanying the aging process. It will also cover health and nutrition and the care of persons with cognitive and mental disabilities. Includes *32 hours of supervised clinical experience in a Residential Health Care Facility. Medical clearance is required to participate in the clinical experience.

Basic Life Support/CPR (RTP40) must be completed before the clinical experience and is not included in the tuition costs- must register for separately. Course textbook, uniform scrubs and CNA certifying exam fees are not included in the tuition. Hybrid hours may include in person class sessions for exams and quizzes. Six (6) in person labs required. Dates and times to be provided during class. Burgundy uniform scrubs (top and bottom) required for labs and clinicals. **Students MUST be able to lift at least 50 pounds.** CNA State Licensing exam must be taken within 2 years of completion of the program.

***32 hours of clinicals experience - dates to be announced; they will be scheduled either over the period of 8 evenings or 2 full weekends (Sat & Sun).**

CTF 89- Electronic Health Records \$700

Saturdays / April 13 - June 22 / 9am-3:30pm / ONLINE

This course introduces students to the basic functions of Electronic Health Records (EHR). It includes discussions and illustrations on the latest information management technologies (both hardware and software) currently used in healthcare. Students will be immersed in the environment and organization unique to the use of EHR at all levels of patient care. This course is computer based with required hand-on exercises.

Prerequisite: Computer proficiency (will be assessed) and some experience in office administration.

CTF 109- Medical Billing and Coding Specialist Intensive \$1200

To be offered Fall 2024

This course starts with an overview of professional billing, coding, and health insurance basics. The course consists of three parts. The first part will serve as a foundation for learning Medical Terminology, which you will use in a medical office or hospital setting. The second part will focus on the detailed learning of the Healthcare Common Procedural Coding System (HCPCS), including Current Procedural Terminology (CPT) and International Classification of Diseases (ICD) procedure and diagnosis coding required for billing and reimbursement in healthcare. Students will practice a variety of exercises and real-life scenarios. The third part will consist of an online computer laboratory where students will learn how to use state-of-the-art medical office practice software to put together the concepts learned in parts one and two.

HEALTHCARE INSTITUTE

CTF 91- Phlebotomy Procedures \$450 / Lab Fee \$60

Tues & Thur / April 9 - June 25 / 6:45pm-9:45pm / HYBRID

The course provides theoretical and laboratory preparation for entry-level employment as a phlebotomist. This course focuses on vascular anatomy and physiology, performance of venipuncture techniques, and additional responsibilities of phlebotomists as members of the healthcare team.

Live needle sticks performed. Students must sign an Assumption of Risk. Eight (8) in person labs required; dates and times to be provided during class. White lab coat required.

Prerequisite: CTF 20 Anatomy & Physiology.

CTF 90 - EKG/ECG Technician \$450 / Lab Fee \$60

To be offered Summer 2024

This course provides opportunities to learn and practice techniques employed by EKG/ECG technicians, while learning many of the basic terms associated with the cardiovascular system, anatomy and physiology. Five (5) in person labs required. Dates and times to be provided during class. White lab coat required.

Prerequisite: CTF 20 Anatomy & Physiology

CTF 98- Central Sterile Technician \$900 / Lab Fee \$60

Mon - Tues - Wed /April 8 - June 10 / 5pm-9pm / HYBRID

This course, facilitated by an HSPA (Healthcare Sterile Processing Association) Instructor, will provide you with the knowledge and skills required to work in a Central Supply/Sterile Processing Healthcare facility. Three (3) in person labs required; dates and times to be provided during class.

Students are responsible for securing CRCST hands-on training necessary to meet 400-hour certification requirements. Externship option available through the Healthcare Institute for additional tuition charge. Speak to the Healthcare Institute Coordinator to learn more by calling 718-368-6630.

CTF 87/88 - Basic Patient Care Skills & Diagnostic Tests \$450 / Lab Fee \$60

To be offered Summer 2024

In this course students will learn the skills common to the private practice and hospital worker including obtaining medical histories, vital signs, prepping patients, first-aid care, and emergency procedures for the medical office. Students will also learn the importance of maintaining a sterile environment when preparing for minor surgical procedures in addition to collecting specimens, performing simple measurements and tests, and acquiring knowledge of prescription and non-prescription medications. Four (4) in person labs required. Dates and times to be provided during class. White lab coat required. ***Prerequisite: CTF 20 Anatomy & Physiology.***

CTF 93- Patient Care Technician Intensive \$825 / Lab Fee \$60 HYBRID

Mon - Thurs / April 15 - June 20 / 6pm-10pm or Mon- Thurs / April 15 - June 18 / 9am-1pm

This course is for Certified Nurse Aides only. This course provides a comprehensive instruction on the vascular and cardiovascular systems and the performance of venipuncture techniques and EKGs. Live needle sticks and EKGs will be performed. Students must sign an Assumption of Risk form. Eight (8) in person labs are required. Dates and times to be provided during class. White lab coat required.

EMERGENCY MEDICAL TECHNICIAN & PARAMEDIC PROGRAM

RTP 75- EMT Original \$995 / Lab Fee \$60

Offered in Summer 2024

This course will prepare you to take the New York State Emergency Medical Technician (EMT) examination. As a NYS EMT, you can work or volunteer anywhere in New York State. You will learn basic life-saving techniques such as, but not limited to: scene safety, patient assessment, management of fractures, bleeding control, movement of patients, and oxygen administration. Becoming an EMT is a requirement if you are planning to become a paramedic.

RTP 73- Paramedic Original- OFFERED IN FALL 2024

This 12 month intensive program prepares competent, entry-level Emergency Medical Technician-Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) domains. The KBCC twelve-month course, leading to New York State Department of Health and New York City Regional Emergency Medical Advisory Committee certification as an Emergency Medical Technician-Paramedic. The KBCC Paramedic Program is a regional NYS DOH testing site; an approved National Registry Skills Testing Site and qualifies graduates for the National Registry Practical Exam. Upon successful completion of the program, graduates will also receive BLS, ACLS and PALS and PHTLS certification. **For more information and details, please call: (718) 368-6720**

American Heart Association

CPR & First Aid
Emergency Cardiovascular Care

RTP 40- Basic Life Support for Healthcare Providers \$100
Saturdays / April 27, May 11 or June 1 / 10am-6pm ON CAMPUS

This course provides the skills to recognize and provide care in respiratory and cardiac emergencies, using the latest 2015 AHA guidelines, to teach adult, child and infant cardiopulmonary resuscitation and automatic external defibrillator use. Basic life support skills include CPR, AED use, and ventilations.

RTP 44- Heartsaver First Aid CPR AED for Non-Medical \$135
Dates TBD- Call 718-368-5050 / ON CAMPUS

This highly interactive course provides the skills to recognize and provide care to respiratory, cardiac and medical emergencies, using the latest Heartsaver First Aid CPR AED guidelines. Upon successful completion, you will receive a Heartsaver CPR card issued by American heart Association (AHA) valid for two years

CareerStep - Healthcare Programs

Kingsborough Community College has partnered with CareerStep to help people like you train for a rewarding new career in healthcare. See below for some of the programs available through this partnership.

Dental Assistant- Entry Level Program

This program was designed to help you pass the Registered Dental Assistant (RDA) exam with American Medical Technologists (AMT) and the NELDA component exams (AMP, ICE, RHS). It will also prep you for long-term success as part of a dental care team. In addition to thorough procedural knowledge, impressive office skills, and equipment-handling expertise, you will end this dental assisting program with extras that will help get job-ready, including 160 critical clinical hours.

Mental Health Technician Program

This program provides a comprehensive overview of how mental health technicians treat patients coping with a variety of mental health issues like drug and alcohol addiction, physical abuse, depression, anxiety, etc.

Hemodialysis Technician Program

This program was designed to help you become a certified clinical hemodialysis technician so you can provide a life-saving service to patients. You'll learn to prepare and operate the hemodialysis machine, take vital signs, draw blood, and document results—and you'll get one free voucher for your choice between the Certified hemodialysis technician credential from BONENT and the Certified Clinical Hemodialysis Technician (CCHT) from the Nephrology Nursing Certification Commission (NNCC). Placement of 250 hours worth of experience working in a clinical setting—empowering you with the knowledge that leads to certification and increases your employability.

Additional CareerStep Programs Available, [Click Here.](#)

Ed2Go - Healthcare Programs

Kingsborough Community College has partnered with Ed2Go to offer more opportunities for our students to train and get certified in healthcare programs that are in demand. See below for some of the programs available through this partnership.

Certified Physical Therapy Aide

This online course will help you master the skills you need to work as a physical therapy aide. Not only will you be prepared for the AMCA's Physical Therapy Technician/Aide certification exam, but an externship starter kit will also walk you through everything you need to know to land a PT aide externship

Certified Medical Office Manager (CPPM)

This program teaches the skills needed to prepare you for a career as a medical office manager. You will learn the professional traits and responsibilities to become a vital part of the healthcare team in a medical office, clinic, hospital, and other healthcare settings.

Medical Interpreter (Spanish/English)

This online course will teach you the skills needed to work as a Medical Interpreter and to sit in any of the Medical Interpreting examinations available in the country.

Optician Certification Training

In this course, you can gain the skills and knowledge you need to obtain an entry-level job as an optician in the states that recognize this certification. In addition, you'll prepare to take the Basic American Board of Opticianry (ABO) exams, which includes the NOCE (National Opticianry Competency Exam) and the CLRE (Contact Lens Registry Exam).

Additional Ed2Go Programs Available, [Click Here.](#)

DIRECT SUPPORT PROFESSIONAL MICROCREDENTIAL

DSP Level 1 Microcredential for Direct Support Professionals

New Human Services training programs starting in Spring 2024- March 4 to June 21

Mohawk Valley Community College (MVCC) and Kingsborough Community College (KCC), in partnership with the Office for People With Developmental Disabilities (OPWDD) the National Alliance for Direct Support Professionals (NADSP), and Shivoo are offering a special grant program that provides full funding for tuition, fees, books, course materials, and NADSP credentialing for Direct Support Professionals (DSPs).

Successful completion of the program will give the DSP:

1. A SUNY microcredential in a human services field, with 6 accredited and transferable academic credits that can be applied to future certificates and degrees at MVCC or other institutions;
2. NADSP Direct Support Professional I (DSP-I) credential;
3. Academic and wrap-around supports to maximize success.
4. Flexible online learning options with personalized interactions.
5. A \$750 completion incentive.

DSP-I Microcredential Learning Outcomes:

- Relate the codes of ethics defined by NADSP and OPWDD to the role of the DSP.
- Identify the support services that assist people in leading self-directed lives.
- Identify and promote the needed cognitive and behavioral skills of people served to foster lifetime health, fitness and wellness in line with individual's personal needs.
- Determine when and how to report potential or actual abuse, neglect, exploitation, or harm to people served.
- Apply legal requirements concerning the confidentiality and privacy of client information to specific work situations.
- Integrate classroom learning with field experience in order to meet agency and individual expectations.

CAREER & PROFESSIONAL DEVELOPMENT

If you are considering a career move or are ready to advance within your field, we offer learning opportunities through career and professional development. Our experienced faculty and industry specialists will help direct you on your chosen path to accomplish your goals. We are committed to life-long learning and will serve as a resource guide to your success.

PARALEGAL

CTF 05- Paralegal I \$475

Tues & Thurs / April 9 - June 27 / 6:45pm-9:45pm / ONLINE

This course is an introduction to the practical aspects of being a paralegal, including filing, legal proofreading, legal draftsmanship, legal research, and other office skills. Mandatory Notary Public session on 6/6 and is included in the above tuition cost.

VTP 36- Test Prep for the Notary Public Exam \$75

Thursday / June 6 / 6:45pm-9:45pm / ONLINE

This one-session course prepares you for the Notary Public Examination, provides an overview of the tasks undertaken by a Notary Public, and offers guidance in positioning yourself to provide this service on a fee-for-service basis.

CTF 06- Paralegal II \$510

Mon & Wed / April 8 - June 26 / 6:45pm-10pm / ONLINE

This course deals with the computer and the essential part it plays in paralegal training. Topics include computer legal research, legal keyboarding, and understanding language and terms used by attorneys in order to be a well-trained and successful paralegal.

Students must complete all required courses in the Paralegal & Notary Public program to receive a completion certificate.

LEGAL STUDIES a Partnership with CLS BARBRI

Kingsborough Community College has partnered with CLS BARBRI to bring more opportunities for our students to learn about the law to those of varying education levels and careers. We are committed to offering affordable, flexible and applicable continuing education courses to all our students. CLS graduates open doors for themselves – for career advancement, new job opportunities and more.

Advanced Paralegal Certificate Course

These advanced topics build upon the introductory Paralegal Certificate Course© ONLINE

Flexible, 100% online course with 24/7 accessibility; Complete each topic in one 7-week session

Take one, two or three topics during one online session. Complete all six topics within one year to receive certificate. The additional training gained through participation in these advanced classes will enhance your legal knowledge and skills, which in turn should increase your salary and marketability.

Advanced Legal Research and Writing

The ability to effectively conduct legal research and analysis is an important aspect of any legal career. With your paralegal certificate in hand or a year of legal experience under your belt, you're ready to learn more advanced approaches to legal research, briefing cases and writing to the law. We can help you build on your paralegal skills to expand your expertise and grow your career.

Alternative Dispute Resolution Certificate Course

This intensive course is designed to train and qualify students to develop or participate in conflict resolution techniques. Participants will review the growth and application of settlement options in the United States. The course focuses on both traditional and non-traditional dispute resolution options. This course takes the mystery out of settlement processes and focuses on reaching reasonable solutions.

Employment Law Certificate Course

Employment law is dynamic and ever-changing, and legal professionals at all levels must keep up. Our Employment Law Certificate Course addresses important employment law requirements in the U.S. and covers the implementation of employment policies. Learn to identify and solve critical employment-related issues facing organizations and be awarded a Certificate of Completion from Kingsborough Community College.

CAREER & PROFESSIONAL DEVELOPMENT

ACCOUNTING CERTIFICATE PROGRAM

The Accounting Certificate Program is an introduction to accounting and business, developing students' abilities to understand transactions and financial statements and to determine the most appropriate financial measures. By pursuing an accounting certificate, students earn foundational knowledge in a field full of opportunities. The Accounting Certificate Program prepares individuals for both entry-level jobs and further academic studies, qualifying for jobs in Bookkeeping, Payroll, Tax Preparation, and Accounting Clerk.

Note: This program does not qualify students to be a CPA.

This program is 180 clock hours and requires successful completion of the following 3 courses: CTF 50, CTF 51 and CTF 52

CTF 50- Accounting Fundamentals \$395

Mon & Wed / April 8 - June 26/ 6:45pm-10pm / ONLINE

Saturday / April 13 - June 22 / 9am-3:30pm / ON CAMPUS

You will learn the recording process, complete the entire accounting cycle from analyzing and recording activities (including payroll calculations) through closing procedures, and use the accountant's worksheet for the preparation of financial statements for service businesses.

Quickbooks Certificate - CTF 51- Quickbook Pro for Accountants \$395

Mon & Wed / April 8 - June 26 / 6:45pm-10pm / ONLINE

Take control of accounting for your business. This course provides hands-on experience in QuickBooks as you set up a chart of accounts; reconcile your bank accounts; create and print invoices, receipts, and statements; track payables, inventory, and receivables; create estimates; and generate reports. Limited access, free downloadable book and software will be used.

Tax Preparer Certificate - CTF 52- Tax Preparer \$425

Tues & Thurs / April 9 - June 25/ 6:45pm-9:45pm / ONLINE

Learn how to prepare individual federal income taxes, including 1040EZ, 1040A, and 1040 long form, tax credits, child and dependent care credit, credit for the elderly, IRAs, pension income, and NY State/NY City tax items with the use of Turbo Tax™ software.

Payroll with Quickbooks Certificate - CTF 135 - Payroll with Quickbooks \$350

Wednesday / April 17 - June 12 / 6:30pm-9:30pm / ONLINE

This course teaches students how to process payroll no matter the size of the company. Students will learn the foundation of the principles that payroll processing is built on and continue toward creating payroll, processing reports and forms, paying liabilities, and making payroll adjustments. Students will learn efficient techniques to create payroll from within QuickBooks manually and how to enter payroll when working with a 3rd party payroll processor.

VBM 94 - Payroll Workshop \$90

Saturday / June 1 / 9am-3:30pm / ONLINE

This workshop uses QuickBooks Online to teach payroll basics such as journal entries, adjusting entries, time entries, & expensing time. It also includes a brief discussion on payroll liabilities and forms. It is recommended that students have taken the Accounting Fundamentals course or have basic Accounting knowledge before taking this workshop.

This program will give students an overview of the current AI landscape, teach them how to integrate AI into their projects, and introduce them to creating their own AI models. Tools such as OpenAI, Azure AI Services, Google Vertex AI and Model Garden, TensorFlow, Python, and more are introduced in this program. Students will earn the Microsoft AI-900 Azure AI Fundamentals certification (voucher included with the program) and will be qualified to sit for the AI-102 Azure AI Engineer exam.

Bundle with Back End Software- \$6,200 (Savings of \$2,750)

AI-900: AZURE AI FUNDAMENTALS \$750

Wednesdays / April 24 - Sept 25 / 8pm-9:30pm

The goal of this course is to provide you with all the tools you need to prepare for the AI-900 Microsoft Azure AI Fundamentals exam — including text explanations, video demos, lab activities, self-assessment questions, and a practice exam— to increase your chances of passing the exam on your first try.

Aspireship Career Training - SAAS SALES \$3,600

Wednesdays / April 24 - August 28 / 8pm-9:30pm

This program is an intensive sales training program for current and aspiring SaaS Sales Development Representatives (SDRs) and Account Executives (AEs). This unique sales training program not only enables students to learn advanced phone, email, and social techniques, but dives into the tech stack required to sell SaaS and software products. This course is intended for individuals who want to kick start a new career or current professionals who need general tech sales knowledge.

Front End Software Developer Program \$4,150

**Thursdays / March 28 - July 31 / 8pm-9:30pm or
Wednesdays April 24 - August 21 / 8pm-9:30pm**

Students create dynamic web applications using HTML, CSS, JavaScript, React, and other technologies. In our Front End Development bootcamp, you'll learn the foundational skills to design and develop user-friendly interfaces. Get hands-on experience with HTML, CSS, JavaScript, React, and other cutting-edge technologies used by top companies in the industry.

Big Data Engineering Program \$4,999

Tuesday / May 28 - December 3 / 8pm-9:30pm

This program is designed to introduce the technically inclined student to the technologies and methodologies requested by hiring companies and used by real world data engineers. This program is fast paced and will cover a breadth of technologies, including Python programming, Hadoop and cloud-based services in Amazon Web Services (AWS). By the end of the program the successful student will be prepared for an entry-level position as a data engineer, Python programmer or business intelligence developer.

Pearson Certificates

IT Comp Thinking- \$750

Wednesdays / April 24 - May 15 / 8pm-9:30pm

This course introduces students to the ideas and methods behind computational thinking and algorithms, enabling them to break problems down into smaller pieces and define algorithmic solutions. This course will prepare students to learn software development and other computer-related topics.

IT Python \$1,500

Wednesdays / April 24 - June 5 / 8pm-9:30pm

This course is intended for individuals looking to learn Python and prepare for the Pearson IT Specialist Python exam (voucher included with the program).

IT Data \$2,000

Wednesdays / April 24 - July 3 / 8pm-9:30pm

This course helps students learn how to responsibly manipulate, analyze, and communicate findings of data analysis. Students will learn data manipulation, general data concepts, data-related laws, and responsible analytics practices.

CAREER & PROFESSIONAL DEVELOPMENT

FIBER OPTICS

Kingsborough and BDI DataLynk have partnered to offer students the chance to become a Fiber Optic Association Certified Technician! Register for all three courses and save \$100!

RCL 96- Certified Fiber Optics Technician \$975

Mon & Tues / April 8 - April 9 / 8am-5pm / ON CAMPUS

This introductory Fiber Optic Tech course is designed for anyone interested in becoming a Certified Fiber Optic Technician. This Fiber Optic Training combines theory and 85% hands-on activities to prepare the student to take the CFOT (Certified Fiber Optic Technician) test that is sanctioned by the FOA (Fiber Optics Association) and given and graded the final class day. Course fee includes study materials, exam fees, and Text Book.

RCL 97- Certified Fiber Optics Specialist \$950

Wed & Thur / April 10 - April 11 / 8am-5pm / ON CAMPUS

This program is designed to offer advanced training to anyone involved with the testing and maintenance of Fiber Optics networks. A focal point in the program is to offer a general, easy to understand, approach to fiber optics testing standards with little theory and considerable hands on activities.

Pre-Requisite RCL 96 Certified Fiber Optics Technician.

RCL 98- Certified Fiber Optics Specialist in Splicing \$950

Friday / April 12 / 8am-5pm / ON CAMPUS

This Splicing Specialist Training includes a complete PowerPoint presentation explaining the importance of high performance splicing and further details the points necessary to achieve these splices.

Pre-Requisite RCL 96 & 97 Certified Fiber Optics Technician.

METAGENOMICS

CTF 125- Metagenomics \$325

Fridays / April 19 - June 2nd / 11am-1pm ONLINE

Metagenomics Discovery Challenge (MDC) – is a certificate-based course. The course is offered online and it will be using Team-Based Learning and Open Educational Resources. It doesn't have any prerequisites, but a background in biological sciences or computer science would be helpful. Students will learn to do bio-surveillance on metagenomic datasets, identifying fungal (and other micro-eukaryotic), bacterial, archaeal, and viral sequences within these datasets.

Open House for this course is on April 19th 1pm-3pm.

Course will continue with the synchronous meetings on Fridays from 11am to 1pm, and asynchronous meetings during the week, until June 2nd. Participants should budget 5 hours per week for this course.

For more information please contact: Professor Dr. Dmitry Brogun - Dmitry.Brogun@kbcc.cuny.edu.

MATERNAL HEALTH CERTIFICATION WITH DOULA TRAINING

CTF 108 Maternal Health Certificate with Doula Training \$575

Offered in Summer 2024

This is a comprehensive course that will provide you with the foundation to understand the field of maternal health. Students will become trained as birth doulas and learn how to apply basic skills and competencies in various community settings. You will learn about the history of maternal health in the US and how maternal health plays a role in marginalized communities, recognize how implicit bias impacts maternal health, and learn to address persistent and emerging issues surrounding maternal health. You will learn basic clinical knowledge of preconception, pregnancy and postpartum and discuss the impact community health workers play in decreasing maternal morbidity and mortality. Three in-person/live online Doula shadowing experiences are required for completion.

CHILD DEVELOPMENT ASSOCIATE PROGRAM

In partnership with the Division of Workforce Development and Continuing Education, Kingsborough's Education Degree Program is pleased to provide community members with an opportunity to earn 6-credits, towards their degree at Kingsborough, through the Child Development Associate (CDA) Program located off-site within the Bedford Stuyvesant community. The CDA credential will provide undergraduate coursework on teaching young children in infant-toddler, preschool, and family daycare settings.

This credential is appropriate for: Daycare/Preschool Teachers/Assistants & Family Daycare Providers.

Course Sequence: EDC 2500 Psychological Foundations of Education (3 cr.); EDC 92 Seminar & Practicum in Early Childhood Special Education (3 cr.).

For more information about the CDA program, please contact: Sue Burgher Sue.Burgher@kbcc.cuny.edu.

TEACHER'S ASSISTANT LEVEL I PROGRAM

Coming Soon!! This program prepares individuals to seek Level 1 Teacher Assistant Certification. Trainees will complete the following mandatory workshops: Child Abuse Identification, School Violence Intervention and Prevention, & DASA. Instruction on how to register for NYS ATAS exam and complete fingerprinting will be addressed.

This course is free due to Fast Track funding. Schedule and more information to come!

Please call 718-368-5052 to be placed on a waiting list.

PERSONAL ENRICHMENT

Specifically designed with the learner in mind, our personal enrichment courses are informative, inspiring and fun.

Don't see something you have an interest in? Let us know by emailing us at conted@kbcc.cuny.edu.

LANGUAGE

NLA 60 - Conversational Spanish I \$175

Thurs / April 18 - June 13 / 7pm-9pm / ONLINE

Live instruction available online in this easy paced foreign language course. Increase your ability to converse with co-workers, colleagues, or neighbors in Spanish.

For those who have already taken Conversational Spanish I. Build a broader vocabulary and advance your communication skills with this Intermediate Spanish class.

WRITING

RWV 19 - Writing Down the Bones: Building Worlds One Word at a Time \$100

Mon / May 6 - June 3 / 6:30pm-8:30pm / ONLINE

Writing takes bravery and a deep sense of fearlessness. It is even more daunting to create a world that doesn't yet exist, one that can keep readers engaged. This course will provide insight into world building and how to take your work from a bare bones manuscript, to an engaging finished novel. Writers at all levels are welcome.

HEALTH AND FITNESS

NPF 33 - Zumba® \$80

Wed / May 1 - May 22 / 6pm-6:50pm / ON CAMPUS or Wed / May 29 - June 26 / 6pm-7pm / ON CAMPUS

Come join the dance party disguised as a fitness class! Zumba® mixes low-intensity and high-intensity moves into an interval-style, calorie-burning dance fitness party. Initially founded as a Latin-based dance fitness format, Zumba® incorporates rhythms from across the globe to keep you moving and the calories burning!

NPF 14 - Cardio Kickboxing \$80

Wed / May 1 - May 22 / 7:15pm-8:05pm / ON CAMPUS or Wed / May 29 - June 26 / 7:15pm-8:15pm / ON CAMPUS

Cardio Kickboxing is a martial art inspired group fitness format that is both heart-pumping and exhilarating. Using punches and kicks from disciplines such as karate, Muay Thai, and traditional boxing combined with nonstop aerobic movements, this fitness format helps to improve coordination, balance, flexibility, and more leaving participants drenched and feeling accomplished!

DANCE

NDA 42 - Bachata: Beginner \$75

Sat / June 1 - June 22 / 12pm-1:30pm / ON CAMPUS

You will learn a fusion of traditional Dominican style as well as modern style technique and dance sequence. Partners are not necessary. Please wear sneakers.

NDA 43 - Salsa: Beginner \$75

Sat / June 1 - June 22 / 1:45pm-3:15pm / ON CAMPUS

You will learn how to move comfortably with timing and confidence to the Latin rhythms of Salsa music. Partners are not necessary. Please wear sneakers.

TECHNOLOGY

RCL 78 - Midjourney and Beyond: Mastering the Art of AI Image Generation \$100

Tues / May 28 - June 18 / 6:30pm-8:30pm / ON CAMPUS or Wed / May 8 - May 29 / 6:30-8:30pm / ONLINE

Take a deep dive into how to use Midjourney and other AI applications. Learn how to setup and generate AI images in Midjourney using simple prompt parameters coupled with complex contextual details. Compare image outputs across AI applications. Gain insight into ways in which images generated can be used in business to support marketing and advertising projects, among many other possible uses. No experience necessary, just a love for creating. **Note: Student will be required to bring to class a device on which they will work (ie: phone, ipad). Student will also be required to download a low-cost software, Midjourney, to learn and practice during the course experience.**
