

STUDENT UNION & INTERCULTURAL CENTER

Creating an Engaged Kingsborough

KINGSBOROUGH
COMMUNITY COLLEGE

★ DREAMS BEGIN HERE ★

SUMMARY

In our ongoing efforts to enhance the educational experience and degree attainment of our students, Kingsborough has identified the need for a dedicated space on campus where our highly diverse student body can congregate and interact.

Student engagement is tied conclusively to student success; students who are actively engaged in their campus communities are more likely to stay the course and complete their studies.

In addition to furthering Kingsborough's foremost objectives of boosting retention and completion, the SU&IC will:

- Foster intercultural competency
- Offer an exceptional opportunity for Kingsborough to invest in the success of its students while simultaneously enriching their educational experience
- Provide a vast, interactive platform enabling students to have meaningful exchanges that bridge cultural, religious, ideological, political, and lifestyle divides and differences
- Showcase the remarkable diversity of Kingsborough by welcoming all students into a space that makes them feel at home

By establishing a vibrant SU&IC where our various curricular, co-curricular, student leadership, intercultural, and global programs and activities can cohere, expand and find support, we aim to create a truly "Engaged Kingsborough" culture of pluralism and inclusive excellence. We also aim to become a model and a resource for intercultural understanding and engagement, both city- and nation-wide.

NEED

As one of the top community colleges in the nation, Kingsborough is also one of the most diverse. Our students hail from all over the world, representing 142 nations and speaking 73 different languages. Furthermore, many of our students are non-traditional: they are over the age of 20, have children and/or work, they live in low-income households, and many of them are the first generation in their family to attend college. These are all factors that can threaten educational success, which is why student retention and completion are Kingsborough's top priorities.

While student centers are a standard amenity at most colleges and universities, there is currently no single space on Kingsborough's campus dedicated to fostering student engagement. Since engagement has been shown to improve retention and completion, the addition of a dedicated student center would greatly enhance our students' experiences on campus. The SU&IC fills this need while capitalizing on the extraordinary potential inherent in the diversity of Kingsborough's student body to create a truly engaged, pluralistic global community.

WHY SUPPORT KCC'S STUDENT UNION & INTERCULTURAL CENTER?

ADVANCING STUDENT RETENTION, COMPLETION & SUCCESS

- Among Kingsborough's highest priorities are student retention, completion and success
- Research demonstrates that students who are fully engaged in their learning community are more likely to reach graduation
- The SU&IC's physical space and programs will be designed for optimal student engagement and interactions with each other, KCC faculty, staff and the surrounding Kingsborough community
- By creating a more deliberate space in the SU&IC for student leadership training, leisurely activities, study places, orienting students to our campus and directing them to the resources and opportunities for intercultural and interreligious engagement as well as civic learning and democratic engagement, we will strive to fulfill a vision of "Engaged Kingsborough" for every student

ACHIEVING CULTURAL COMPETENCY & COMMUNITY ENGAGEMENT

- Intercultural education and engagement becomes more of an imperative as our nation undergoes a diversity explosion in the coming decades and becomes a more globalized, multi-racial country. Kingsborough, already deeply diverse, can expect to follow similar trends
- In an increasingly globalized economy, cultural competency is essential for the 21st century workforce
- By offering dedicated space grounded in principles of acceptance, inclusiveness and respect, SU&IC will foster a culturally competent and globally minded student body
- The dramatic renovations in the International Hall of Flags' conference areas of the SU&IC and the proposed programming will enable us to pull our highly diverse Brooklyn community into KCC for energetic engagement

SUPPORT

The total estimated cost for completion associated with the creation of the SU&IC is \$1.5 M. Help us to realize this vision.
