Welcome to Nursing 1900 – we look forward to a great Mini!

The First Day of Class: The first day of classes for all students is **Wednesday, 9/12/18**. Students in Sections 04 and 05 will have their first meeting in the On Campus Lab on **Wednesday, 9/12/18** at 9:10 to 11:20am, and will have their first lecture following lab from 11:30-1:40. Students in Sections 01, 02, 03 will have their first meeting in the On Campus Lab on **Thursday 9/13/18** at 8:00 -10:10. All students in all sections will have lecture on Thursdays from 11:30-2:50. Please see below for your section’s classroom. **Students in Section 02 have their first clinical on Wednesday, 9/12/18. Please see below for details.**

Instructions for NUR 1900 Clinical Area:
Students in all Sections are to meet their clinical instructor in the main lobby of the hospital to which they are assigned, on the days and times that they are assigned (please see below). All students are expected to be in full uniform, with their KCC ID, and **proof of their flu shot**, on their first clinical day. All students who have clinical rotations at Coney Island and Kings County hospitals should purchase navy blue scrubs, and a white lab coat, and bring them with you on the **first** day of clinical! Students who have clinical at Maimonides Medical Center will be given scrubs on their first day of clinical but they should purchase a white lab coat. Please see below for the assigned clinical and classroom for each section.

Please note **DIFFERENT TIMES FOR LECTURE AND LAB DEPENDING ON YOUR SECTION.**

All students are required to complete and pass a dosage calculation exam the first week of classes. **ALL students must submit health clearance, proof of flu shot and a valid CPR certification to the Nursing office prior to the start of classes.** Please retain a copy of each of these. All of
the clinical agencies require a copy of documentation of your flu shot for their records. Failure to have health clearance, proof of flu shot, and CPR certification will result in a clinical absence, which will require a make–up.

All students should report to their respective clinical sites at the assigned times and places in full KCC white uniform and with their KCC ID, and proof of their flu shot.

***Please Note: You are no longer required to purchase individual malpractice insurance as CUNY has purchased a policy that covers all nursing students

DATES & TIMES OF CLASSES & CLINICALS

Sections 01, 02, 03: Tuesdays Room 425, Thursdays Room M411
Lecture: - Tuesday – 12:40 pm– 2:50 pm and Thursday –11:30am – 2:50pm
On Campus Lab: Thursdays 8:00 am – 10:10 am.

Sections 04, 05: Wednesdays and Thursdays Room M406
Lecture: - Wednesday – 12:40pm – 2:50pm and Thursday – 11:30am – 2:50pm
On Campus Lab: Wednesdays 9:10 – 11:20 am.

Clinical Sections:
01 Friday 8am - 4 pm Maimonides Med Ctr
02 Wednesday 8am - 4 pm Kings County Hospital*
03 Monday 8am -4pm Coney Island Hospital
04 Monday 8am – 4pm Kings County Hospital*
05 Monday 4pm – 11:49pm Maimonides Med Ctr

*Please also note: If you are going to Kings County Hospital for your clinical it is mandatory that you attend orientation at Kings County on 9/6/18 at 8:30am T Building 2nd Floor.

During your first week in this MINI, you will rotate through Labor and Delivery. It will be extremely beneficial to you to become familiar with certain aspects of the delivery of nursing care to women and their families when they are in labor, PRIOR to attending clinical. Therefore, Chapter 14, Intrapartum Fetal Surveillance should be read prior to the first week of classes. Keep in mind and try to respond to the following questions while reading:

1) What is involved in a nursing assessment of a woman in labor?
2) How is the fetus assessed?
3) What is the difference between normal and abnormal labor?
4) What is the nurse’s role in supporting and advocating for a woman in labor?
5) Identify five nursing interventions to prevent fetal compromise.

The syllabus and other documents necessary for classroom and clinical will be available on Blackboard prior to the start of classes. Please bring the Intrapartal Unfolding Care Plan to the first day of Clinical.
