Welcome to NUR 2200!

Congratulations on your achievements thus far!

ALL students must have health clearance, verification of influenza vaccination (with Lot # & Expiration date), a valid CPR certification and verification of a clinical background check by CastleBranch prior to the start of classes. The due date for these documents was January 15, 2019. FAILURE TO HAVE THE ABOVE DOCUMENTS WILL RESULT IN A CLINICAL ABSENCE.

***In the mini courses (6 weeks), you are allowed a one-half (1/2) day clinical absence.***

***Malpractice insurance is provided by CUNY.***

A new physical exam is required annually.
A copy of verification of a Fall 2018 influenza vaccination including lot number, date of expiration and name of vaccine manufacturer must be brought to the clinical agency on the first clinical day. Failure to do so will result in you not being permitted to remain in the clinical area as mandated by the clinical agencies.

Please retain a copy of each of these; some of the clinical agencies require a copy of this documentation for their records.
A copy of these documents must also be submitted to the Nursing Office.
