★ NEW COURSES ★

Pharmacy Technician Externship

Students enrolled have a unique opportunity to work alongside an interdisciplinary team in a retail pharmacy, learning and practicing hands-on skills in this fast growing field. (70 hours)

See page 12 for more details.

Central Sterile Technician Externship

This course is entirely a hands-on training and practical experience at an off-site partner facility at which qualifying students can complete their required 400 clinical hours in order to be eligible to register for the CRCST examination.

See page 14 for more details.

Medical Billing and Coding Intensive

Medical Billing and Coding professionals play an essential role in the health care industry. The duties performed include medical insurance billing and coding, completing and submitting medical insurance forms, creating and maintaining medical charts, preparing reports and correspondence, scheduling appointments, and greeting patients.

See page 11 for more details.

Dental Assistant Program

KCC in partnership with CareerStep is offering the Dental Assistant program. Prepare for certification and kickstart a new career with online Dental Assistant training. According to the Bureau of Labor Statistics, the middle 50% of working professionals earn about \$37,630 a year, with annual raises and benefits.

See page 15 for more details.

Physical Therapy Aide Training Program

KCC in partnership with CareerStep is offering the Physical Therapy Aide training program. Physical therapy Aides provide support to physical therapists and their patients. They help patients check in, set up equipment, and often record patient progress. Physical Therapy Aides are some of the most in-demand workers in the growing healthcare industry, with job openings expected to increase 29.2% in the next 10 years.

See page 16 for more details.

Nutrition and Health Bundle

Nutrition has a profound impact not only on our health but also on our overall well-being. However, most people do not understand what foods they should eat, which diets are healthy for them, and where food comes from. This series is designed for healthcare workers, personal trainers, and individuals interested in a deep dive into the impacts of nutrition on our bodies.

See page 16 for more details.

Explore a Career in Healthcare Suite

The healthcare industry is booming. It is currently one of the fastest-growing industries in the United States and is expected to continue growing rapidly in the future. Many of the fastest-growing jobs don't even require you to be in a patient care role. Use this series to explore a career in several more healthcare administrative areas, including jobs as a Medical Coder, Medical Administrative Assistant, and Medical Transcriptionist.

See page 16 for more details.

Cannabis Training

The cannabis industry is creating thousands of exciting career opportunities yet a significant shortage of qualified professionals exists. Now gain the job skills you need to succeed as a dispensary agent.

See page 18 for more details.

Legal Studies with CSL by BARBRI

KCC in partnership with CSL by BARBRI, is providing a menu of offerings in legal studies to include advanced paralegal, employment law, legal secretary and many more.

See page 17 for more details.

UX Fundamentals Microcredential Program:

Visual Design + Human Centered Design

The UX Design Microcredential is an immersive 10 week program and is a combination of live instruction and asynchronous learning. The course is focused on the fundamentals of Human Centered Design, and Visual Design.

See page 19 for more details.

Cyber Security

Learn Cybersecurity Live & Online! This 2-part class will prepare you to take the CompTIA Security+ and CompTIA CYSA+ exams.

See Page 20 for more details.

Property and Casualty

Beginning with general principles of risk management and insurance, this course will address the approved New York State Department of Insurance curriculum.

See page 21 for more details.

Life, Accident & Health Pre-Licensing

Pre-licensing training for Life, Accident and Health insurance testing prepares students for the state licensing exam through curriculum that meets the 40 hour pre-licensing requirement for New York State.

See page 21 for more details.

Certified Fiber Optics Technician

In one week of intensive training you could hold three Fiber Optic Association Certifications: Certified Fiber Optics Technician (CFOT), Certified Fiber Optics Specialist in Testing (CFOS/T), and Certified Fiber Optics Specialist in Splicing(CFOS/S).

See page 23 for more details.

Currency Trading Foundations

This course provides a foundation in the underlying methodology of trading in global currency markets, including the roles of participants and platforms who influence foreign exchange, cryptocurrency, and high-frequency foreign exchange. The course will examine different trading styles and overview the foundations of market participation.

See page 27 for more details.

Herbalism for Wellness and Longevity

Herbalism is an exciting field of study for those interested in holistic approaches to health and wellness. In this class we'll talk about traditional uses of herbs across different cultures and also what cutting-edge science is discovering about plants every day. We will learn how to make our own remedies such as salves, tinctures, decoctions, and more!

See page 27 for more details.

TUITION OPTIONS

We strive to provide you with flexible payment plans so that you can focus on your education and career plans. Please call us and we will assist you in making the right choice.
Contact us at 718-368-5050 for more information.

SNAP (Supplemental Nutrition Assistance Program)

SNAP (Supplemental Nutrition Assistance Program), please call (718) 368-4870 for eligibility and program requirements.

Tuition Reimbursement

The College will accommodate requests for letters of support for reimbursement.

Government Issued Vouchers

We accept most government issued vouchers. Please call (718) 368-5050 for eligibility and program requirements.

Student Loans

Students may arrange a private loan to help cover educational expenses for certificate programs. The College does not recommend any specific lender or preferred lender arrangement. We recommend thoroughly investigating your loan options before making educational financing decisions.

Tax Deduction of Expenses

An income tax deduction is permitted for expenses of education undertaken to maintain and improve professional skills. Please consult your accountant.

STUDENT SUPPORT SERVICES

We strive to provide you with the support and services you need so you can focus on your education and career plans. Please call us and we will assist you in making the right choice.

Contact us at 718-368-5052 for more information.

CENTER FOR CAREER DEVELOPMENT & EXPERIENTIAL LEARNING

Contact Information

Hours: 9:30am-5pm

Phone: 718.368.5115

Email:

careerdevelopment@kbcc.cuny.edu

The mission of the Center for Career Development & Experiential Learning at Kingsborough Community College is to provide career services to students and alumni through career exploration, professional resources and programming.

Career Advisors are available to give students individualized assistance to develop career goals, including help with choosing a major, internships, workshops, and job search assistance. The Center offers workshops to students throughout the semester on a variety of career-related topics, including, but not limited to, resume, interview, workplace etiquette and networking.

In addition, the office provides a multitude of programs and events, such as job fairs, on-campus recruitment and information sessions, which allow students to explore various career opportunities.

Stay up to date regarding upcoming workshops and events with our weekly newsletter:

<http://www.kbcc.cuny.edu/career/documents/C102.pdf>

ACCESS RESOURCE CENTER

Kingsborough Community College's Access Resource Center, the nation's first at a community college, is your one-stop place to get connected to government benefits and resources. Whether it's childcare, SNAP, clothing, or transportation, you can get a referral for what's available to you – where you live and when you need it.

Call 718-368-5411 or 6713.

They offer benefit screening, legal consultation, financial consultation and tax preparation too!

Additionally, they coordinate:

- Distribution of FREE vegetables grown on campus at the KCC Urban Farm
- Distribution of FREE food staples at the KCC Food Pantry
- Clothing donations
- Assistance with recertification of benefits
- Assistance obtaining other government resources and so much more!

TRAINING AND CAREER GUIDANCE

Unsure about what training or career best matches your skills?

At Kingsborough Community College, you can set your sights on the future you want!

Whether it is becoming a paramedic or UX designer, we have the certificate training programs for anyone who wants to find a new career pathway. With Future InSight, we can help you map out the steps you need to achieve your career goals. You may know exactly which job best matches your skills or maybe you are curious about a certain industry. We can help guide you to where you want to go.

Visit our site by clicking [here](#)!

ACCOMMODATIONS & ACCESSIBILITY

Requests for accommodations must be submitted with documentation of disability. Submit requests and documentation in advance of your class start date to ensure that reasonable accommodation requests can be processed in a timely manner. Accommodations may take 3-4 weeks to process.

Please contact Vickie DiMartino at 718-368-5669.

College Administration, in cooperation with NYCT Paratransit, has established 3 specific Access-A-Ride (AAR) stops at Kingsborough Community College. Each of these locations has specific GPS coordinates along with signage to aide in the successful connection of the AAR vehicle/driver and customer.

If you experience any difficulty during the reservation process, please ask to speak with a supervisor. Access-A-Ride 1-877-337-2017 / 718-393-4999

THINGS YOU SHOULD KNOW

Continuing Education courses are designed for adults 18 years of age and older with the exception of the College for Kids Program, College for Teens, and the SAT/ACT Test Preparation. Programs, requirements, tuition fees and classes are subject-to-change without advance notice.

TEST PREPARATION

Prepare for admissions and placement tests online with our experienced instructors!

Our test prep programs are affordable and accessible.

We offer a variety of practice materials, with high quality test simulations, designed to help students better understand the material and perform their best on their test!

SCHOLASTIC ASSESSMENT TEST PREP (SAT)

RTP 01 - SAT Preparation \$300

Saturday / Jan 28 - Mar 4 / 9am-3:30pm

ON CAMPUS

An intensive course for high school students preparing for the SAT. Certified instructors provide review and practice under simulated test conditions to help prepare students for the verbal reasoning, optional essay portion, and problem-solving skills measured by the revised test. Study skills, coaching and test-taking tips are provided, as well as individual and group conferences with a certified college counselor. A workshop for parents and guardians is included in the last session.

RTP 02 - SAT Math Preparation \$175

Saturday / Jan 28 - Mar 4 / 9am-12pm

ON CAMPUS

An intensive MATH ONLY course for high school students preparing for the SAT exam. Instructors provide review and practice under simulated test conditions to help prepare students specifically with the MATH component of the exam. Students will explore study skills while receiving coaching and test-taking tips.

Next College Board SAT Exam date is on March 11, 2023

HEALTHCARE INSTITUTE

The Healthcare Institute is a division of Kingsborough's Office of Continuing Education, offering a dynamic set of certificate programs and stand-alone courses. All are designed to provide students with essential skill sets necessary for today's burgeoning healthcare industry. With decades of experience and training, our faculty provides high quality instruction across all the disciplines. Students who successfully complete certificate programs at the Healthcare Institute are eligible to take the National Healthcareer Association's certifying examinations, which are nationally recognized credentials in the Allied Health industry. Tuition for healthcare courses excludes textbooks, uniforms scrubs/lab coats, exam fees and CPR/BLS certification unless otherwise noted.

IN-DEMAND HEALTHCARE PROGRAMS

Below is the breakdown of the courses needed within the in-demand healthcare programs.

See the following pages for the schedule of available courses.

CTF 78/79 - CNA Intensive

RTP 40 - Basic Life Support for Healthcare Providers

"I thoroughly enjoyed the class. I learned so much and it motivated me to move forward with my education and career in the healthcare industry, here at Kingsborough."

SCHEDULE OF HEALTHCARE COURSES

CTF 20 - Anatomy and Physiology \$450 ONLINE

Mon & Wed / Jan 9 - Mar 27 / 6:45pm-9:45pm

An introduction to the structure and function of the human body, common disorders and diseases in relation to body systems.

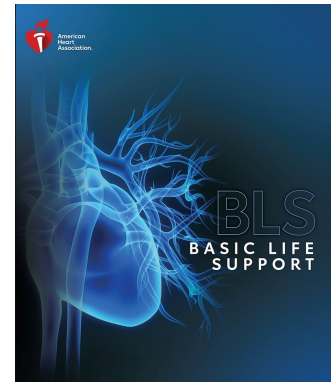

This course is required for CTF 87/88 Basic Patient Care Skills & Diagnostic Tests, CTF 90 EKG/ECG and CTF 91 Phlebotomy Procedures.

RTP 40 - Basic Life Support for Healthcare Providers \$100

(Includes course materials) ON CAMPUS

Jan 21 or 22nd / Feb 5th or 18th/ March 4th or 19th

This course provides the skills to recognize and provide care in respiratory and cardiac emergencies, using the latest 2015 AHA guidelines, to teach adult, child and infant cardiopulmonary resuscitation and automatic external defibrillator use. Basic life support skills include CPR, AED use, and ventilations.

MEDICAL BILLING & CODING

CTF 109 - Medical Billing & Coding Intensive \$1,200 ONLINE

Tues - Wed - Thurs / Feb 7 - June 15 / 6:30pm-10pm

This course starts with an overview of professional billing, coding, and health insurance basics. The course consists of three parts. The first part will serve as a foundation for learning Medical Terminology, which you will use in a medical office or hospital setting. The second part will focus on the detailed learning of the Healthcare Common Procedure Coding System (HCPCS), including the Current Procedural Terminology (CPT) and the International Classification of Diseases (ICD), procedure and diagnosis coding required for billing and reimbursement in healthcare. Learners will practice a variety of coding exercises and scenarios. The third part will be an online computer laboratory to put together the concepts learned in parts one and two, where you will learn how to use the state-of-the-art medical office practice software.

CTF 26/27 - Procedures and Coding & Computerized Billing and Clinical Practice \$900 ONLINE

Tues - Wed - Thur / May 3 - June 15 / 6:30pm-10pm - Current Medical Billing Students Only

This course covers CPT 4, a systematic linking and coding of procedures and services used in outpatient settings. This coding is required for billing and reimbursement by insurers. ICD-10-CM, the International Classification of Diseases, is used worldwide by many healthcare facilities. You will continue your study of office procedures and billing to include scheduling patients for laboratory, surgical and testing procedures, completing patient charts, and accounting practices using state-of-the-art medical software.

NOTE- This course will be phased out by Summer 2023; current students need to register soon. Students must have Windows operating system to utilize medical software.

CTF 27 - Computerized Billing and Clinical Practice \$450 ONLINE

Tue - Wed - Thurs / May 23 - June 15 / 6:30pm-10pm

You will continue your study of office procedures and billing to include scheduling patients for laboratory, surgical and testing procedures, completing patient charts, and accounting practices using state-of-the-art medical software.

NOTE- This course will be phased out by Summer 2023; current students need to register soon. Students must have Windows operating system to utilize medical software.

SCHEDULE OF HEALTHCARE COURSES

CTF 89 - Electronic Health Records Specialist \$700 ONLINE

Tues & Thur / Jan 17 - Mar 23 / 6:45pm-9:45pm

Saturday / Jan 21 - Mar 25 / 9am-3:30pm

This course introduces students to the basic functions of Electronic Health Records (EHR). It includes discussions and illustrations on the latest information management technologies (both hardware and software) currently used in healthcare. Students will be immersed in the environment, organization, unique to the use of EHR at all levels of patient care. Computer-based, hands-on exercises are required.

Prerequisites: Computer proficiency (will be assessed) and some experience in office administration.

PHARMACY TECHNICIAN INTENSIVE

CTF 41/42 - Pharmacy Technician Intensive \$850

Mon - Tues - Wed / Jan 23 - Mar 13 / 6pm-9:30pm HYBRID

This intensive course provides an overall view of the fundamentals of medical and pharmaceutical terminology. Pharmaceutical calculations, concepts of pharmacology and medicinal therapy as it relates to anatomy and physiology and pathophysiology. Students will also learn about laws, ethics and standards required in the pharmacy profession. Application of knowledge in an on-site hospital and retail setting.

In person labs required. Dates and times to be provided in class.

CTF 184 - Pharmacy Technician Externship \$300

NEW

Schedule and location may vary. Program Coordinator will organize scheduling with registered students. Students enrolled have a unique opportunity to work alongside an interdisciplinary team in a retail pharmacy, learning and practicing hands-on skills in this fast-growing field. (70 hours)

IMPORTANT: A background check and drug screening is required. Additionally, all students must follow all onboarding processes and policy requirements of the assigned pharmacy.

Pre-requisite: CTF41/42 or ExCPT certification.

Email Healthcare.cep@kbcc.cuny.edu for more information.

EKG/ECG TECHNICIAN

CTF 90 - EKG/ECG Technician \$450 HYBRID

Tues & Thurs / Jan 10 - Mar 16 / 6:45pm-9:45pm

This course provides opportunities to learn and practice techniques employed by EKG/ECG technicians, while learning many of the basic terms associated with the cardiovascular system, anatomy and physiology.

Prerequisite: CTF 20 Anatomy & Physiology

Five (5) in person labs required.

Dates and times to be provided during class.

White lab coat required. Lab fee: \$60

HYBRID HEALTHCARE OFFERINGS

Lab sessions will be conducted in person, on campus. Clinicals will be done in person.

CERTIFIED NURSING ASSISTANT

CTF 78/79 - CNA Intensive \$950 HYBRID

Mon - Tues - Wed - Thurs / Jan 23 - Mar 21 / 6pm-10pm

Certified Nursing Assistants are currently in high demand and the need is projected to continue through 2024. This number will only increase as the baby boomer generation ages and there is an increased demand for additional long-term nursing care facilities. In New York State a CNA must be certified.

Salary: \$34,160-\$48,525

Job projections thru 2028: +22%

Rapid Growth; Numerous Job Openings.

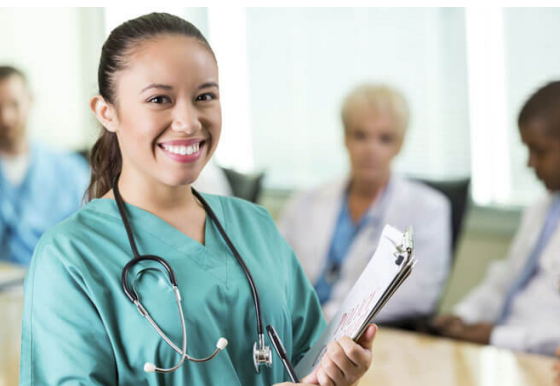

This course introduces students to the needs of the patient, legal/ethical issues, effective communication and anatomical changes accompanying the aging process. It will also cover health and nutrition and the care of persons with cognitive and mental disabilities. Includes 32 hours of supervised clinical experience in a Residential Health Care Facility.

**32-hours of clinical experience will be conducted during early afternoon and evening hours.*

Prerequisite: Medical clearance is required to participate in the clinical experience. Basic Life Support/CPR (RTP40) must be completed before the clinical experience. Course textbook, uniform scrubs and CNA certifying exam fees are not included in the tuition. Six (6) in person labs required. Dates and times to be provided during class.

Burgundy uniform scrubs (top and bottom) required for labs and clinicals. Lab fee: \$60

BASIC PATIENT CARE SKILLS & DIAGNOSTIC TESTS

CTF 87/88 - Basic Patient Care Skills & Diagnostic Tests \$450

HYBRID

Mon & Wed / Jan 9 - Mar 27 / 6:45pm-9:45pm

Skills common to the private practice and hospital worker are covered, including obtaining medical histories, vital signs, prepping patients, first-aid care, and emergency procedures for the medical office. Learn the importance of maintaining a sterile environment when preparing for minor surgical procedures. Collect specimens, perform simple measurements and tests, and acquire knowledge of prescription and non-prescription medications. **Prerequisite:** CTF 20 Anatomy & Physiology.

Four (4) in person labs required. Dates and times to be provided during class. White lab coat required. Lab fee: \$60

PHLEBOTOMY

CTF 91 - Phlebotomy Procedures \$450

To Be Offered in Spring 2023

This course provides theoretical and laboratory preparation for entry-level performance as a phlebotomist. It focuses on vascular anatomy and physiology; performance of venipuncture techniques, and additional responsibilities of phlebotomists as members of the healthcare team. **Prerequisite:** CTF 20 Anatomy & Physiology.

Live needle sticks performed. Students must sign an Assumption of Risk. Six (6) in person labs required. Dates and times to be provided during class. White lab coat required. Lab fee: \$60

PATIENT CARE TECHNICIAN

CTF 93 - Patient Care Technician Intensive \$825 HYBRID

Mon - Tues - Wed - Thurs / Jan 23 - Mar 21 / 6pm-10pm

Study includes comprehensive instruction on vascular anatomy and performance of venipuncture techniques. Students will also learn and practice performing EKGs and basic terms associated with cardiovascular system, anatomy and physiology. This course is for Certified Nurse Aides only. Live needle sticks performed. Students must sign an Assumption of Risk.

Six (6) in person labs required. Dates and times to be provided during class.

White lab coat required. Lab Fee: \$60

Employment of patient care technicians is expected to grow rapidly in the next few years. Becoming a patient care technician is a strong career move that will open professional doors throughout the course of your life. PCT training will prepare you to get licensed and certified to operate an electrocardiogram machine in addition to being a phlebotomist.

Salary: \$37,960-\$50,900

Job projections thru 2028: +12%

Rapid Growth; Numerous Job Openings.

CENTRAL STERILE TECHNICIAN

CTF 98 - Central Sterile Technician \$900 HYBRID

Tues - Wed - Thurs / Jan 17 - Mar 7 / 5pm-9pm

This course, facilitated by an HSPA (Healthcare Sterile Processing Association) Instructor, who will provide you with the knowledge and skills required to work in a Central Supply/Sterile Processing Healthcare facility. Additional hours to be assigned when class is in session. *Three (3) in person labs required. Dates and times to be provided during class.* **Lab fee: \$60**

Students are responsible for securing CST hands-on training necessary to meet 400-hour certification requirements.

CTF 183 - Central Sterile Technician Externship \$5,500

Schedules may vary. Program Coordinator will organize scheduling with registered students.

This course is entirely a hands-on training and practical experience at an off-site partner facility at which qualifying students can complete their required 400 clinical hours in order to be eligible to register for the CRCST examination.

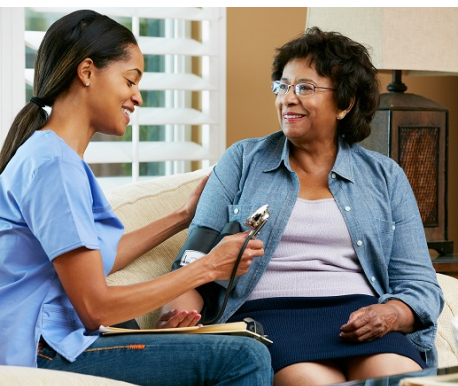

Note: Students are required to follow all policy requirements of the assigned facility.

Pre-requisite: CTF98 or a Provisional CRCST certification.

Email Healthcare.cep@kbcc.cuny.edu for more information.

HOME HEALTH AIDE

CTF 37 - Home Health Aide Intensive \$525

Tues - Wed - Thurs / Jan 17 - Feb 28 / 6pm-10pm HYBRID

Home Health Aides (HHA) provide professional healthcare in a patient's home environment. Patient can range from elderly to disabled to chronically-ill individuals who do not require hospitalization. This course is the perfect compliment for students who completed Certified Nurse Aide training or for students who want to enter the healthcare field. Includes 6 weeks of online Zoom courses followed by 8 hours of on-campus evening or weekend labs, then 8 hours of in-person clinicals experience at a partner location. Basic Life Support is included with all fees and takes place on weekends. **Lab Fee: \$60** (82 clock hours total)

EMERGENCY MEDICAL TECHNICIAN & PARAMEDIC PROGRAM

RTP 75 - EMT Original \$995 ON CAMPUS

Mon - Tues - Thurs / Jan 23 - April 27 / 6pm-10pm

*With a NYS DOH voucher, you pay only \$80 (for mandatory CPR renewal)

This course will prepare you to take the New York State Emergency Medical Technician (EMT) examination. As a NYS EMT, you can work or volunteer anywhere in New York State. You will learn basic life-saving techniques such as, but not limited to: scene safety, patient assessment, management of fractures, bleeding control, movement of patients, and oxygen administration. Becoming an EMT is a requirement if you are planning to become a paramedic.

Lab Fee: \$60

RTP 73 - Paramedic Original \$9,500

To Be Offered Fall 2023

This 12 month intensive program prepares competent, entry-level Emergency Medical Technician-Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) domains. The KBCC twelve-month course, leading to New York State Department of Health and New York City Regional Emergency Medical Advisory Committee certification as an Emergency Medical Technician-Paramedic. The KBCC Paramedic Program is a regional NYS DOH testing site; an approved National Registry Skills Testing Site and qualifies graduates for the National Registry Practical Exam. Upon successful completion of the program, graduates will also receive BLS, ACLS and PALS and PHTLS certification.

The course curriculum includes didactic and laboratory work, as well as clinical (hospital and ambulance) rotations. The Paramedic Program's curriculum follows the Instructional Guidelines of the National Emergency Medical Services Education Standards published by the U.S. Department of Transportation National Highway Traffic Safety Administration.

Class is held on campus, in person, for 12 hours didactic lectures and 11 hours of lab practice. Students are required to utilize the web-based program to schedule the required clinical rotations hours and sites on off-class time.

For more information and details, please call: (718) 368-6720

Wednesdays / Feb 1 - Mar 22 / 7pm-9pm

This intermediate level graphic design course is designed to focus on brand building through graphic design. This course will help you shape your service or business visually.

Pre-Requisite: Graphic Design Beginner class is recommended, or current skill experience in graphic design is required.

Note: No special software is needed; instructor will guide you through utilizing available tools on the web.

UX DESIGN

RCL 60 - UX Fundamentals Microcredential Program: Visual Design + Human Centered Design \$1040 ONLINE

Tues, Wed, Fri / Jan 3 - Mar 17 / 6:30pm-9:30pm

User Experience (UX) Design is the process of identifying user behaviors and needs, designing digital products, then testing it with users to ensure that they are more accessible/easier/pleasant to use. The UX Design Microcredential is an immersive 10 week program and is a combination of live instruction and asynchronous learning. The course is focused on the fundamentals of Human Centered Design, and Visual Design. No previous Design experience is needed. Students will learn essential skills such as conducting user research, performing usability testing, creating a visual design system, building wireframes and prototypes, and writing case studies.

Requirements:

- Students must have a computer with reliable internet connection (no phones, tablets and Chromebooks)
- Students must have a minimum of 10 hours outside of class time to complete reading, assignments and group work

100 hours total (live online via zoom and asynchronous learning)

CYBER SECURITY

CTF 131 - Cyber Security \$1400

Tues & Thurs / Jan 24 - Mar 30 / 5:30pm-8:30pm ONLINE

Learn Cybersecurity Live & Online!

This 2-part class will prepare you to take the CompTIA Security+ and CompTIA CYSA+ exams. Starting salaries in the Cybersecurity field are approximately \$60,000 (source www.Glassdoor.com)

Course 1: Winter 2023: Security +

Security +: Security+ provides a global benchmark for best practices in IT network and operational security, one of the fastest-growing fields in IT*

Course 2: Spring 2023: CYSA +

CYSA +: Cybersecurity Analyst (CySA+) applies behavioral analytics to the IT security field to improve the overall state of IT security*

Pre-Requisite: Students must have A+ and Network+ certifications in order to enroll

DATA ANALYTICS

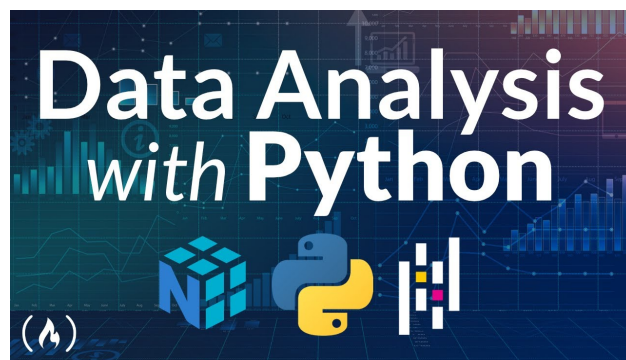

RCL 100 - Python for Data Analytics \$1950 ONLINE

Tues & Thurs / Jan 24th - April 13th / 5:45PM-8:45PM

In partnership with CanCode Albany, this course is designed for both students with no prior programming experience and those interested in learning new coding languages or applications. Students will learn fundamental programming concepts using the programming language Python, specifically as a tool for collecting, analyzing, and visualizing data. Python is one of the world's most popular programming languages, and more businesses are introducing Python into their work. The course will take students through the basics of programming (variables, data structures, loops, conditionals, etc.), and into Python Libraries for data analysis (Numpy, Matplotlib, etc). Basic statistics will also be covered to help students interpret data, such as basic summary statistics and how to recognize common statistical distributions. All this will culminate in the analysis and visualization of real data sets of the student's choosing. Certificate of completion

Tuition: Free for individuals who are income qualified.

[Click here for more details.](#)

In recent years, Python has seen a huge increase in jobs. There are currently more than 10,000 job advertisements worldwide on Glassdoor for Python-related roles, with Indeed having around 14,000 roles. Compared to the roles related to Java, Indeed currently has nearly double the amount for Python which only goes to show how big the Python job market is at the moment.

REAL ESTATE

NEW

75-Hr. New York Salesperson Real Estate License Package

Candidates must pass the New York state-approved courses totaling 75 credit hours. Once this is completed, the student is allowed to sit for the New York Salesperson Licensing Exam.

Click here to learn more and review pricing of packages.

NEW YORK STATE REQUIREMENT

DETAILS FOR REAL ESTATE PRE-LICENSING EDUCATION

Hours Required by the State: 75 hours

Effective 12/21/2022: individuals applying for a real estate salesperson license will require 77 hours of pre-licensing education.

Seat Time: The New York Department of Real Estate requires that all students spend a minimum amount of seat time engaged in the course content. Our online course delivery system manages this requirement for you.

Pre-Licensing Final Exams: Final exams must be passed with a minimum of 70% and may be taken a maximum of two times.

All final exams must be physically proctored in the State of New York.

NEW

Home Inspection

Your career depends on passing the national home inspector and state exams. Be prepared to pass the first time. AHIT has been training inspectors with the skills needed to pass the first time for decades - nearly 30 years. Only AHIT delivers an online study tool with over 800 questions just like the exam plus hints and feedback from the experts for faster learning results.

INSURANCE LICENSING

New York State Insurance Law, Sections 2103, 2104 and 2108, requires an individual seeking an insurance license to complete a prelicensing course approved by the Superintendent of Insurance. Kingsborough Community College is approved by the Department of Financial Services to teach these approved courses.

CODING BOOTCAMPS

NEW

Kingsborough Community College and Promineo Tech have partnered to offer these classes where students meet for class once a week at a set time in a virtual environment. In addition to the weekly class meeting, students meet once a week for a remote, 30-minute one-on-one with a mentor.

Back End Software Developer / 18 Weeks / \$3,500 **ONLINE**

This 18-week, Back End Software Development program, students take three courses to learn the skills and technologies necessary to enter the industry as a Back End Software Developer: Introduction to Java, Relational Databases with MySQL, and Web API Design with Spring Boot.

Front End Software Developer Program / 18 Weeks / \$3,500 **ONLINE**

This 18-week, Front End Software Development program, students take three courses to learn the skills and technologies necessary to enter the industry as a Front End Software Developer: Introduction to JavaScript, Front End Technologies, and Web App Design with React.

Big Data Engineering Program / 26 Weeks / \$4,500 **ONLINE**

The Big Data Engineering Program is designed to introduce the technically inclined student to the technologies and methodologies requested by hiring companies and used by real world data engineers. This program is fast paced and will cover a breadth of technologies, including Python programming, Hadoop and cloud-based services in Amazon Web Services (AWS). The student will also be introduced to such methods as data wrangling, munging, ingesting and modeling for analytics. By the end of the program the successful student will be prepared for an entry-level position as a data engineer, Python programmer or business intelligence developer.

NEW

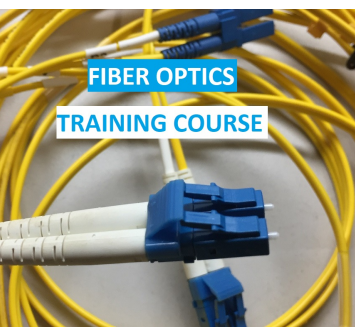

DIGITAL MARKETING

16 Week Digital Marketing Bootcamp at Kingsborough Community College

Fully Online for 16 Weeks / 15-20 hours a week

The Digital Marketing program is designed to help students with an interest in marketing create a portfolio and begin an entry level position in the digital marketing field. The curriculum is a project-based course that blends marketing theory, critical thinking skills, and practical experience to prepare students for an entry-level position in a growth industry. Students will become proficient in advertising platforms such as Facebook, Google, Instagram, Twitter, and LinkedIn.

Upon completion of the program students will be equipped with the tools to be successful at jobs such as marketing coordinator, social media advertising coordinator, branding coordinator, junior UX designer, and more.

NEW

FIBER OPTICS

To Be Offered Spring 2023 Semester

RCL 96 Certified Fiber Optics Technician ON CAMPUS

This introductory 3-day Fiber Optic Tech course is designed for anyone interested in becoming a Certified Fiber Optic Technician. This Fiber Optic Training combines theory and 85% hands-on activities to prepare the student to take the CFOT (Certified Fiber Optic Technician) test that is sanctioned by the FOA (Fiber Optics Association) and given and graded the final class day. Course fee includes study materials, exam fees, and Text Book.

RCL 97 Certified Fiber Optics Specialist \$900 ON CAMPUS

This 2-day, 16-hour program is designed to offer advanced training to anyone involved with the testing and maintenance of Fiber Optics networks. A focal point in the program is to offer a general, easy to understand, approach to fiber optics testing standards with little theory and considerable hands on activities.

Pre-Requisite RCL 96 Certified Fiber Optics Technician.

RCL 98 Certified Fiber Optics Specialist \$900 ON CAMPUS

This Splicing Specialist Training includes a complete PowerPoint presentation explaining the importance of high performance splicing and further details the points necessary to achieve these splices.

Pre-Requisite RCL 96 Certified Fiber Optics Technician and RCL 97 Certified Fiber Optics Specialist.

CHILDCARE ADMINISTRATION

Childcare Administration Program \$3,999 ONLINE

KCC in partnership with CareerStep is offering this child care administration course which has been designed by early childhood education (ECE) experts and experienced industry professionals. You'll gain the skills, knowledge, and best practices needed for teaching young children, working in child care centers and preschools, and running your own home-based business. Our comprehensive curriculum trains you on child development and education, health and safety, nutrition and food management, parent and family relations, and child care center management. Because our program is aligned with the Child Development Associate (CDA) certification, you'll be ready to take and pass the exam immediately upon completing your training. [Click here to register and learn more!](#)

VETERINARY ASSISTANT

CTF 15/16 - Veterinary Assistant Intensive \$900 ONLINE

Mon - Tues- Wed - Thur / Jan 17 - Mar 20 / 6:30pm-10pm

This intensive series provides the four courses that are designed to prepare you for a career in animal care. This program includes veterinary terminology, medical and surgical procedures, office administration functions, becoming a vital part of the animal care team and more. This program also focuses on client communications, best practices in animal care, and the roles of each member of the animal care team.

Note - Some required class hours will be held at an off-site animal care facility.

Note - A minimum of 20 hours are required to be completed at an animal care facility. Students are responsible for securing a facility at which they can volunteer to complete these hours. Documentation of completion will be required. *Instructor may waive this requirement dependent on individual students experience and course academics.*

PET SITTING BUSINESS

Start a Pet Sitting Business \$115 ONLINE

NEW

6 week course access starting January 18th / 24 hours

Discover how you can turn your love of animals into a profitable pet-sitting career. This course covers everything you need to know about caring for pets, from nutrition, exercise and first aid and everything that goes into starting a successful business. You'll begin with pet care, including nutrition, exercise, first aid, and the identification of common diseases. You will learn the basics of first aid and find out how to administer pills, liquid medications, and injections to an uncooperative cat or dog. You will discover how to handle home visits and impress your potential clients.

2-Hour Site Safety Plan

2-Hour Tool Box Talks

2-Hour Pre-Task Safety Meetings

2-Hour DOB General Electives

2-Hour DOB Specialized Electives

METAGENOMICS AND LARGE DATA SETS ANALYSIS

CTF 125 - Metagenomics Discovery Challenge \$325

To Be Offered Spring 2023 Semester

Metagenomics Discovery Challenge (MDC) – is a certificate-based course. The course is offered online and it will be using *Team-Based Learning* and *Open Educational Resources*. It doesn't have any prerequisites, but a background in biological sciences or computer science would be helpful. Students will learn to do bio-surveillance on metagenomic datasets, identifying fungal (and other micro-eukaryotic), bacterial, archaeal, and viral sequences within these datasets. This will reinforce the fundamentals of computational biology utilizing the Next Generation Sequencing (NGS) technology and computational tools important in determining metagenomics data sets. At the end of the course, students will create a 3-5 minute video using available resources to explain the tools they've learned, the importance of viral discovery, and antibiotic resistance, and their discoveries.

For more information please contact: Professor Dr. Dmitry Brogun - Dmitry.Brogun@kbcc.cuny.edu.
