To: Members of the College Council

Date: May 8, 2018

From: Michael Sokolow, Secretary

Subject: Agenda for the Meeting of May 22, 2018

The College Council will meet on Tuesday May 22, 2018 in Room M-240 at 3:00 PM.

AGENDA

I. Approval of the minutes of the meeting held on April 10, 2018

II. Reports
   A. President’s Report
   B. Curriculum Committee Report [Voting items p.1-21; Informational items p.21-29; Agenda resumes p.29]

      The Curriculum Committee presents the following resolutions for approval. (The section numbering reflects those used by CUNY):

Program Learning Outcomes (Informational Item)
Department of Mathematics and Computer Science
1. A.S. Mathematics

SPECIAL ACTIONS
1. CURRICULUM COMMITTEE: The committee members voted unanimously to reduce the college-wide CIVIC ENGAGEMENT requirement in ALL degrees from 2 civic engagement experiences to 1.

CHANGE IN DEGREE REQUIREMENT

A. Department of Behavioral Sciences & Human Services

2 A.S. Early Childhood Education/Child Care

Removal of reference to CSI Articulation Agreement (Informational Item)

When Flexible Core Courses are specified for a category, they are required for the major. One course from each Group A to D (Group E is satisfied by the courses shown). No more than two courses can be selected from the same discipline.

A. World Cultures and Global Issues
B. U.S. Experience In Its Diversity
C. Creative Expression
D. Individual & Society
E. Scientific World*:
   MAT 1600 – Calculus II
   BIO 1400 – General Biology II

DEPARTMENT REQUIREMENTS (9 Courses, 32 Credits)

A cumulative grade point average of 2.50 or above, which includes BIO 1300 and BIO 1400, as well as the following 26 credits is required:

CHM 1100 – General Chemistry I
CHM 1200 – General Chemistry II
CHM 3100 – Organic Chemistry I
CHM 3200 – Organic Chemistry II
PHY 1300 – Advanced General Physics I
PHY 1400 – Advanced General Physics II

ELECTIVES: 0 credits sufficient to meet the required total 60 credits for the degree.

Notes:

1. ENG9200 (0 credits) if required, is a prerequisite for ENG1200.
2. CHM100 (0 credits) if required, is a prerequisite for CHM1100.
3. MAT M100, MAT M200, and MAT9800 (0 credits) if required, are pre-requisites for MAT9000.
4. MAT9900 (3 credits) if required, is a pre-requisite for MAT1500.

TOTAL CREDITS: 60

*This program has a waiver to require particular courses in the Common Core, otherwise more than the minimum credits for the degree may be necessary.

NEW COURSES

A. Department of Art
1. ART 2200, Medieval Art
Prerequisite: None
Corequisite: None
Pre/Co-requisite: None
Credits: 3
Equated Credits: N/A
Hours: 3

Course Description: This course introduces students to the culture of the medieval era by studying the art of the following periods: Early Christian, Jewish, Byzantine, Islamic, Carolingian, Ottonian, Romanesque, and Gothic. The course covers the material chronologically and by region and theme in an effort to create an understanding of each culture's characteristic style, connection to its historical context, and its relationships to other cultures. It also explores how artworks functioned within religious and political contexts and issues of cross-cultural interactions stemming from trade, diplomacy, pilgrimage, the crusades, migration, and other forms of contact and exchange.

B. Department of English
1. ENG 5400, Introduction to Creative Writing
Prerequisite: ENG 1200
Corequisite: None
Pre/Co-requisite: None
Credits: 3
Equated Credits: N/A
Hours: 3

TOTAL CREDITS: 60

*This program has a waiver to require particular courses in the Common Core, otherwise more than the minimum credits for the degree may be necessary.
**Course Description:** Introduction to the writing of fiction, nonfiction, and poetry, in which students explore literary form and the writing process. Students will write, revise, and share their work with other members of the class, and read and analyze selected works by contemporary authors.

**C. Department of Health, Physical Education and Recreation**

1. **PEC 7200, First Responders Physical Fitness Training**
   
   Prerequisite: None  
   Corequisite: None  
   Pre/Co-requisite: None  
   Credits: 1  
   Equated Credits: N/A  
   Hours: 2  

   **Course Description:** This course is specifically designed to develop general fitness to enhance a candidate’s ability to pass the physical requirements for entrance to the Police and Fire Academies in New York City, as well as other first responder exams in the United States. The course includes aerobic and anaerobic training, and resistance training, to build strength and endurance.

**D. Department of History, Philosophy and Political Science**

1. **PHI 6600, Criminal Justice Ethics**
   
   Prerequisite: None  
   Corequisite: None  
   Pre/Co-requisite: None  
   Credits: 3  
   Equated Credits: N/A  
   Hours: 3  

   **Course Description:** Application of ethical theories to moral issues arising in the American criminal justice system, such as civil disobedience, police corruption, whistle blowing, stop and frisk, prosecutor, plea bargaining, capital punishment, liability for unethical conduct, and the war on terror.

**E. Department of Mathematics and Computer Science**

1. **MAT 3000, Introduction to Mathematical Concepts in Proof**
   
   Prerequisite: MAT 1400 or MAT 9900
Course Description: This course introduces majors in mathematics to the critical skill of reading and writing formal proofs; and serves as a bridge to the more advanced mathematics they will study at the baccalaureate level and beyond. Expected topics include: Basic Set Theory, logic, counting principles, direct proof, contrapositives, contradictions, non-conditionals, counterexamples, induction, relations, functions, and cardinality.

2. MAT 9800, Intermediate Algebra for STEM majors
Prerequisite: Exit from mathematics remediation, per CUNY
Corequisite: None
Pre/Co-requisite: None
Credits: 0
Equated Credits: 8
Hours: 8

Course Description: This course offers a comprehensive treatment of topics in algebra and trigonometry. These include the real numbers and their properties, evaluating algebraic expressions, integer and rational exponents, polynomial expressions, factoring techniques, rational expressions and mixed quotients, radical expressions, geometric formulas, solving linear and quadratic equations, complex numbers, linear inequalities, absolute value equations and inequalities, linear equations in two variables, the Distance and Midpoint Formulas, parallel and perpendicular lines, equations of circles, right triangle trigonometry and trigonometry of any angle, algebraic operations with trigonometric expressions, establishing trigonometric identities, the Sum of Angles/Difference of Angles/Double Angle/Half Angle formulas. This course is intended for students whose major requires Calculus I (MAT 1500). Students who have completed MAT 900 will not receive credit for this course.

3. MAT 9900, Pre-Calculus for STEM majors
Prerequisite: MAT 9800 or MAT 900
Corequisite: None
Pre/Co-requisite: None
Credits: 3
Equated Credits: 3
Hours: 6
**Course Description:** A course in analytic geometry and function theory. It covers both algebraic and functional aspects of polynomial and rational functions, radical functions, exponential and logarithmic functions, and both trigonometric and inverse trigonometric functions. It also includes a study of the conic sections and solving trigonometric equations. Recommended for students who will eventually take Calculus. This course is intended for students whose majors require Calculus I (MAT 1500). Students who have completed MAT 1400 will not get credit for this course.

Change: Course Title and Description
1. HIS 1800, U.S. History in a Global Context: From Reconstruction to Present
This course examines the period from 1865 to present. It explores how U.S. History fits into the global context and investigates how such events and historical phenomenon as American industrialization, progressivism, and race relations can be better understood by examining them in a transitional historical context.

This course explores United States history in the context of global affairs from the late nineteenth century onwards. It investigates, for example, how the United States has defined itself in relation to the wider world; the rise of the United States as a global superpower; and the ways the United States interacts with peoples from around the world, both at home and abroad, have shaped the nation's history.

C. Governance Assessment Survey Item – Attachment A
The College Council Steering Committee submits the following preliminary draft version of questions for a KCC Governance Questionnaire. This Questionnaire would be the initial step in the Triannual Assessment of KCC Governance, as described at the meeting of College Council on April 10, 2018: “Input and information will be
gathered from all campus constituencies with the goal of a deeper understanding of our governance system, representation, and engagement with governance as it is experienced across the entire campus.”

These questions are presented to the Council in an effort to solicit reactions and suggestions regarding its contents, and to gather the broadest input possible before fielding it as an actual survey (likely in the Fall 2018 semester). This item does not require Council action, but encourages individual participation and response over the upcoming weeks and months from College Council members and the entire College community.

[See Attachment A]

D. Legislative Committee Report

1. The Legislative Committee will announce the results of the campus elections held in May 2018.

2. The Faculty members of the Council will nominate and elect one of its members to represent Kingsborough on the University Faculty Senate’s Council of Faculty Governance Leaders for the duration of that member’s Council term (position currently held by Prof. Don Hume).
   a. The UFS webpage for this position describes it as follows:
      “This informal committee meets quarterly, twice with the Chancellor and the Provost. The council is an opportunity for the elected faculty governance leader or the elected faculty designee from each college’s senate to discuss campus and university-wide governance and to exchange ideas about best practices.”
      (https://www1.cuny.edu/sites/cunyufs/committees/senate/councils/faculty-governance-leaders/)
   b. The KCC rules for electing this position were established by College Council at its meeting of May 20, 2008:
      RESOLVED, That the Faculty Governance Leader shall represent the faculty of Kingsborough Community College at the meetings of the University Faculty Senate Faculty Governance Leaders, and shall report back to the College Council about the activities, discussions, policies, and other pertinent information regarding these meetings; and be it further
      RESOLVED, That only faculty members of the College Council shall be eligible to nominate, be nominated, and vote for Faculty Governance Leader; and be it further
      RESOLVED, That the Faculty Governance Leader shall be elected at the last meeting of the College Council for the academic year; and be it further
RESOLVED, That the term of the Faculty Governance Leader shall be for the duration of his or her current term as delegate on the College Council. This shall be effective September, 2008.

III. New Business
Meeting II: First meeting of the 2018-2019 College Council

A. The Council will nominate and elect two faculty or staff members to the Committee on Committees (seats currently held by Prof. Don Hume and Prof. Caterina Pierre).

B. The Council will nominate and elect three Student members to the Committee on Committees

C. The Committee on Committees will meet to (a) select officers, and (b) to confirm the standing committee assignments for new Council members

D. The membership of the individual standing committees will be announced, and each standing committee will meet very briefly to elect its officers for the 2018-2019 academic year.

Members of the Committee on Committees, and date their terms expire:
