II. Reports

A. Provost’s Report

The President reported the dates of the upcoming ceremonies marking the end of the academic year, including the pinning ceremony by the Nursing Department on June 6th; the Awards Ceremony and Dinner on June 13th; Commencement on June 14th; and the Seaside Splash college scholarship fundraiser on June 22nd.

He also reported that Kingsborough Community College has received the noteworthy honor of selection to apply for the Aspen Institute Award. Only ten percent of the 1,200 community colleges in the United States are invited to apply, and our college was the only invitee from New York City. We are hopeful that we may be one of the top ten finalists for the award once the process is complete. On behalf of the President and the college administration, the Provost expressed gratitude to the entire college community for all of their best efforts to ensure our students’ success.

B. Strategic Planning and Budget Committee

The Strategic Planning and Budget Committee presented the following resolution for approval (the subsequent amendment appears in strikethrough text):
WHEREAS, The Strategic Planning and Budget Committee, as part of a periodic review of the Kingsborough Community College Mission Statement, has gathered input from the College community and updated the Statement to reflect those ideas;

BE IT THEREFORE RESOLVED, That the following will be the revised Kingsborough Community College Mission Statement:

Kingsborough Community College of The City University of New York is a comprehensive community college providing both liberal arts and career education. It is dedicated to promoting student learning and development as well as strengthening and serving its diverse community. To these ends, we strive to fulfill the following goals:

• To offer a superior general education to all degree students
• To provide programs of study for those intending to transfer and those seeking immediate employment
• To promote critical reading, writing, and thinking across the curriculum
• To develop student competence in information literacy, oral communication, quantitative skills, and technological literacy
• To promote civic engagement, global awareness, civility, and respect for diversity
• To provide life-long learning opportunities in credit and non-credit programs for the non-traditional as well as the traditional student
• To provide comprehensive services that address student needs in order to support academic success
• To respond to the educational, social, cultural, and economic needs of the multiple communities we serve

Prof. Martin suggested from the floor that (1) the words “across the curriculum” be removed from the third bullet point; and that (2) the word “multiple” be removed from the final bullet point. Prof. Pollack argued that the words “across the curriculum” be left intact.

With an overwhelming majority in favor and 1 opposed, the Council voted to approve both of Prof. Martin’s changes and accept the new mission statement as amended. (The final version appears above, with the amendments appearing in strikethrough form.)

C. Instructional Committee

The Instructional Committee presented the following resolution for approval:

In order to give students better access to all critical information regarding every course, be it RESOLVED that the College web site shall develop four links attached to each course. One link that takes the student to the schedule of classes, a second that lists the course outcomes, a third that lists the required textbook and its ISBN, and a fourth that shows every course equivalency in CUNY via TIPPS.
After some discussion on the floor regarding federal textbook regulations as well as existing website links and college computer programs, the resolution was approved by acclamation.
