**Section AV. CHANGES IN EXISTING COURSES**

**Department of Art**

AV. 1.1: ART 3300, Survey of Art History: From Ancient to Renaissance Art

**Change: Course Description**

**FROM**

Comprehensive, chronological introduction to the history of art and architecture from ancient civilizations to the Renaissance. Consideration of the cultural context of artistic developments and styles. Required of Art Majors in first year. See Department Advisor. Flexible Core: World Cultures and Global Issues (Group A)

**TO:**

Comprehensive, chronological introduction to the history of art and architecture from ancient civilizations to the Renaissance. Consideration of the cultural context of artistic developments and styles. Required of Art Majors. **Recommended in first year**. See Department Advisor. Flexible Core: World Cultures and Global Issues (Group A)

AV. 1.2: ART 3400, Survey of Art History: From Renaissance to 19th Century Art

**Change: Course Description**

**FROM**

Major movements in Western art from the Renaissance through the late nineteenth century focusing on formal as well as historical issues.

**TO:**

Major movements in **Non-Western and** Western art from the Renaissance through the late nineteenth century focusing on formal as well as historical issues. **Required of Art majors. Recommended in first year.** See Department Advisor.

AV. 1.3: ART 4300, Digital Illustration

**Change: Course Description**

**FROM**

Learn to use the computer as a design tool for creating and manipulating images, combining them with typography and for the creation of a graphic design and profile.

**TO:**

Introduction to the computer program Adobe Illustrator and its’ use as a tool to create and manipulate illustrations and graphic designs for the development of portfolio pieces.

AV. 1.4: ART 4600, Photoshop as a Design Tool

**Change: Course Description**

**FROM**

**TO:**
Introduction to the core features and functions of a computer-assisted illustration program. To be used as an image-manipulation tool, an image retouching tool, an effects tool, an illustration and paint program, as well as a tool to import and scan images and perform color and tonal changes.

Introduction to core features and functions of this photo-based image editing program. Students will manipulate, re-touch, apply effects, import and scan images, perform color and tonal corrections and use illustration and paint techniques. This design and illustration tool will be used in the development of portfolio work.

AV. 1.5: ART 6800, Illustration
Change: Course Description

**FROM**
Basic concepts and skills of illustration including drawing, painting and various media. Acquiring illustration techniques appropriate for the field of visual communication and the development of a portfolio.

**TO:**
A studio course for the development of basic illustration concepts and skills, including drawing, painting and using various media. Students will develop illustration techniques appropriate to the field of visual communication and the development of a portfolio.

AV. 1.6: ART 7300, Digital Publication Design
Change: Course Description

**FROM**
Design for the printed page, such as newspapers, magazines, book jackets, brochures, etc. using the computer program Adobe InDesign.

**TO:**
Introduction to the computer program Adobe InDesign and its use as a page layout tool for designing print and digital publications including magazines, books, brochures, and more.

AV. 1.7: ART 7400, Experimental Typography
Change: Course Description

**FROM**
A studio course using typography as a design tool with a focus on the creative and aesthetic use of letter forms for visual communication problem solving.

**TO:**
This studio course introduces the fundamentals of typography as a design discipline and its practical applications. Students will learn the principles and terminology of type and how to design with it to communicate effectively.

AV. 1.8: ART 7500, Introduction to Graphic Design and Advertising
Change: Course Description

**FROM**
Introductory course on the conceptual aspects of problem solving in graphic skills and advertising. The class will be geared toward creating a professional level portfolio.

**TO:**
In this studio course, students will explore an array of graphic design and advertising assignments with an emphasis on concept development and creative visual problem solving and will create professional quality portfolio work.
AV. 2.1: PSY 2400, Psychological Disorders in Young Children

Change: Course Description

FROM
Psychological disorders in young children and the practices required to deal with them in early childhood settings. The problems and needs of gifted children, children who are mentally retarded or minimally brain-damaged, deaf, blind, orthopedic or speech handicapped. Causes, diagnostic, therapeutic and educational procedures and teaching methods are reviewed for each category based upon principles learned in introductory psychology courses. New York State mandated two-hour session on recognizing and reporting child abuse is included.

TO
Psychological disorders in young children and the practices required to deal with them in educational settings. The problems and needs of children with behavioral, emotional, intellectual, developmental and sensory disabilities are studied. The causes, diagnostics, therapeutic and educational interventions with teaching methods are reviewed for each category based upon principles learned in introductory and developmental psychology courses. New York State mandated two-hour session on recognizing and reporting child abuse is included.

AV. 2.2: PSY 3700, Psychology of Women

Change: Course Title

FROM
Psychology of Women

TO
Psychology of Gender

AV. 2.3: PSY 3700, Psychology of Women

Change: Course Description

FROM
Study of psychological factors, specifically related to models of women, including traditional models of femininity in social, occupational, and sex roles. This approach is analytical with denotative and connotative definition of terms, analyzing traditional and new female models and identities and some problems these models present in personality integration. Recent psychological research on women is reviewed. Male and female student experiences are used to help support, or refute, theories presented.

TO
Study of psychological factors related to women and men, including traditional and current models of femininity and masculinity in social, occupational, and sex roles. There will be a focus on current and historically controversial issues in men’s and women’s lives, with discussion about the nature and development of gender roles, relationships and sexuality, and stereotypes about gender and behavior specifically. Male and female student experiences will be used to address the ways in which gender is constructed in our society. Students will be encouraged to engage in self-reflection and critical thinking to help support, or refute, theories presented.

AV. 2.4: SOC 3100, Introduction to Sociology

Change: Course Description

FROM

TO
The social dimensions of human existence with stress on social structure and culture as governing factors in the lives of individuals with an introduction to basic concepts of sociology, major theoretical positions, and research methods. Meets the needs of students who want an introduction to the field as well as those who wish to undertake further study.

Department of Communications and Performing Arts
AV. 3.1: MCB 4100, Television Studio Production
Change: Course Description

FROM
Analysis of the experience of television viewing through a survey of its individual components and their logic. Television planning and coordination; set lighting design; camera placement; lenses and angles; video control.

TO
Students are introduced to the television studio environment and the production process for multi-camera studio productions. They learn the principles and techniques of pre-production and production for the TV studio, the functions of studio television and audio equipment, and practice how to use them skillfully. Students also analyze assigned television programs for comparisons with learned techniques, and direct and work crew positions for short multi-camera segments.

AV. 3.2: MCB 4800, Advanced Television Studio Production
Change: Course Description

FROM
Exploration of video production for use in television, cable, computer, CD and DVD formats. Television planning and coordination will be examined through group production of subject-oriented programming.

TO
This course emphasizes an advanced approach to studio-based multi-camera TV productions with innovative use of the video switcher and visual effects, and development of set, lighting and audio design. Students analyze programs on cable and broadcast TV, and produce, direct and host their own programs as a production team.

AV. 3.3: MCB 4900, Media Production and Editing
Change: Course Description

FROM
Video production from remote (not studio) locations with digital video cameras. Nonlinear digital editing workstations are used to transform the digital video collected into a finished piece of work.

TO
Introduces remote, not studio, single camera production and editing. Students learn the principles of remote camera operation and post-production editing with an emphasis on electronic news gathering/electronic field production. Students prepare their own news media packages.

AV. 3.4: MCB 5100, Advanced Media Production and Editing

11
Exploration of the capabilities of digital video cameras and nonlinear editors as they apply to television news broadcast and web streaming. Students work in groups to write, produce, shoot and edit two types of new-style reports with on-camera reporter and a second with voice over narration.

Advanced remote, not studio, single and multiple camera production and editing. Students build on introductory techniques and concepts and apply them to this course which emphasizes the television news magazine format. Students prepare their own advanced single and multiple camera news magazine media packages.

Pre-requisite: THA 5200
Pre/Co-requisite: THA 5300

Pre-requisite: This course is open only to student in the Theatre Arts Plan

Pre-requisite: This course is open only to student in the Theatre Arts and Media Arts Plans

0 Credits; 6 Equated Credits
6 Hours
A course in reading, writing, and critical thinking for students who are at the basic level of developmental work. Required of entering students who score 6 or below on the CUNY Writing exam and/or at the 91 level on the CUNY Reading exam unless ESL placement is indicated.

A pre-freshman integrated reading and writing course for students who score a 47 and below on the CATW and receive any reading score on the CUNY ACT Reading. Students in English 91 will build fluency in both reading and writing and critical thinking. Fluency refers to the ability to understand reading assignments and to write comprehensible essays. The primary focus of English 91 is the development of fluent expression and comprehension. To that end, students will do a significant quantity of reading and writing. These reading and writing activities ask students to focus on the construction of meaning as they build fluency.

Department of Health, Physical Education and Recreation

AV. 5.1: PEM 700, Soccer Techniques
Change: Course Designation

FROM
PEM 700

TO
PEC 700

Department of Mathematics and Computer Science

AV. 6.1: MAT 700, Principles of Mathematics
Change: Credits

FROM
4 CRS. 4HRS.

TO
3 CRS. 4 HRS.

Department of Tourism and Hospitality

AV. 7.1: TAH 4100, Introduction to Meeting Planning
Change: Course Title

FROM
Introduction to Meeting Planning

TO
Meeting and Convention Management

AV. 7.2: TAH 4100, Introduction to Meeting Planning
Change: Course Description

FROM
The basic essentials and elements of meeting planning plus an introduction to the opportunities and responsibilities in this growing field.

A focus on the principles and skills required for the management of the meetings and convention industry and the various aspects and skills involved in planning and managing meetings and conventions including: needs assessment, identifying meeting objectives, program development, facility selection, negotiations, contracts, meeting and function space setup, promotion and publicity, budgeting, evaluation, unions and legal issues. Industry certification from Education Institute-American Hotel & Lodging Association (EI-AH&LA) is possible with passing score on certification exam.

AV. 7.3: TAH 5200, Hospitality Technology
Change: Course Title
FROM
Hospitality Technology
TO
Hotel Property Management Systems

AV. 7.4: TAH 5200, Hospitality Technology
Change: Course Title
FROM
Survey of critical technology components in hospitality and food services. A basic understanding of these systems and their application to each industry through workplace simulations and online activities. Hotel property management software is taught and food service purchasing simulations are practiced.
TO
Survey of hotel property management systems and their importance to hotel operations. Students obtain a basic understanding of these systems and their applications to the hotel industry through workplace simulations, role plays, and online activities. Opera, property management software is primarily taught. Additional property management systems may be surveyed.

AV. 7.5: TAH 6500, Airport and Aviation Management
Change: Course Title
FROM
Airport and Aviation Management
TO
Airport and Aviation Security and Management

AV. 7.6: TAH 6500, Airport and Aviation Management
Change: Course Description
FROM
TO
This course will impart to students a broad understanding of the air transportation industry and an appreciation of the major management functions within an airline and airport. The characteristics, scope and economic significance of airports and air transportation are explored in detail.

A broad survey of the air transportation industry and management functions within airline and airport operations. The characteristics, scope and economic significance of airports and air transportation including an analysis of threats, security, are surveyed within the aviation industry. An examination of impacts of global aviation terrorism, and governmental measures to combat loss of life and property and sample airport terminal security programs are presented for analysis.

AV. 7.7: TAH 6600, Cruise Line Marketing and Sales
Change: Course Description
FROM
Introduction to marketing and sales strategies specific to the cruise line industry. Technology support platforms, geography, safety and sustainability and customer service concepts, case studies and other simulated activities.

TO
Introduction to cruise line marketing, sales, strategies, technology, geography, safety and sustainability and customer service practices, case studies and other simulated activities. Industry certification in the Associate Degree Cruise Program (ACD) from Cruise Lines International Association (CLIA) and National Restaurant Association (NRA).

AV. 7.8: TAH 9250, Field Experience in Tourism and Hospitality
Change: Course Title
FROM
Field Experience in Travel and Hospitality

TO
Field Experience in Tourism and Hospitality

AV. 7.9: TAH 9250, Field Experience in Tourism and Hospitality
Change: Course Description
FROM
To integrate theory and practice by applying acquired skills in an actual work environment, eight hours per week of supervised filed experience in travel and hospitality plus one-hour a week on campus, of seminar discussion of relevant topic.

TO
This course provides students with experience in the Tourism and Hospitality industry by placing students into internships. Students will gain a comprehensive understanding of the business of tourism and hospitality. In addition, students learn how to be self-sufficient by learning the current approaches to job seeking. The course is a mixture of fieldwork, assignments, and workshops.

Section AVI. COURSES WITHDRAWN

AVI. 1: Department of Tourism and Hospitality
1. TAH 6900, Airport and Aviation Security
2. TAH 4200, Event Planning and Operations
3. TAH 5100, Interpretive Guiding
4. TAH 5300, Geographic Highlights
