RECESSIONAL

Greetings from the President

Dr. Claudia V. Schrader

Greetings 2023 graduates and guests!

On behalf of the faculty, staff, alum, Kingsborough Community College Foundation board, and friends of the College, it is one of the greatest honors in our lives to congratulate this extraordinary group of college graduates: the Class of 2023!

I extend a special thanks to our 58th Commencement keynote speaker Randy Peers, the president and CEO of the Brooklyn Chamber of Commerce since 2019, and the world-class faculty and staff who have supported today's graduates and were integral to their journey and success today.

Graduates, I know that many of your journeys began during the pandemic and took place completely online, then hybrid, and then in-person. These times called for you to be resilient and you rose to the occasion by accomplishing what you set out to do: earn your college degree.

Now more than ever, you are needed to play an active part in revitalizing our state, city and communities. I know you have everything it takes to do so. New York City is the Big Apple, but the world is your oyster – and you are the pearl. There is nothing bigger and brighter than what lies ahead for you. We are honored that Kingsborough Community College has played an integral part in your development.

Class of 2023, step proudly and confidently into the next chapter of your life. Your soon-to-be alma mater has given the tools you need to be successful. Know that you will always have a home here. After today, I stand ready to welcome you back as an active and dedicated Kingsborough Community College alumnus.

Congratulations, to the triumphant class of 2023!

Dr. Claudia V. Schrader
President

Keynote Speaker

Randy Peers

PRESIDENT AND CEO, BROOKLYN CHAMBER OF COMMERCE

Randy Peers joined the Brooklyn Chamber of Commerce as the president and CEO on September 9, 2019. He brings decades of workforce and economic development expertise, and several years of executive leadership experience growing non-profit organizations that serve the business community.

He previously served as the inaugural president & CEO of the Greater Reading Chamber Alliance (GRCA) in Berks County, PA, overseeing the alignment of the Chamber of Commerce and two economic development organizations.

For over a decade, Peers was CEO of Opportunities for a Better Tomorrow (OBT), a Brooklyn-headquartered workforce development organization that was the leading provider of disconnected youth job training services in NYC.

From 2002-2006, he served as vice president of economic development at the Brooklyn Chamber of Commerce under then-President Kenneth Adams, developing a portfolio of projects that included the Good Help program, Real Estate Development (RED) industry initiative, as well as developing the concept for the Business Solutions Center.

His non-profit program management experience developed while at CAMBA, one of the largest social services providers in Brooklyn. During his tenure as chair of Sunset Park's Community Board 7, he saw the completion of Sunset Park High School and three neighborhood rezonings.

Peers holds a bachelor's degree from Brooklyn College and an MPA from NYU's Wagner School of Public Service. He was born, raised, and spent most of his professional career in Brooklyn, having lived in five different neighborhoods across the borough.

Greetings from the Faculty

Dr. Keisha V. Thompson

DEPARTMENT OF BEHAVIORAL SCIENCES

A first-generation immigrant and college graduate, Dr. Keisha V. Thompson is an associate professor of psychology at Kingsborough Community College. She is also the co-creator and co-director of KCC's Historically Underrepresented Faculty & Staff Resource Center.

A native of Trinidad & Tobago, Dr. Thompson grew up in Brooklyn. She completed her bachelor's degree in business communication at Baruch College, her master's degree in school counseling at Hunter College, and her doctorate in counseling psychology at Texas A&M University. Her clinical experience includes college counseling, community mental health, the federal prison system, VA medical center, and various K-12 school settings.

Dr. Thompson enjoys spending time in the classroom and community empowering individuals through expanding their knowledge base and encouraging them to be change agents in society. Her research centers around Blackness in the African diaspora. Her work addresses issues of cultural diversity, focusing on culture, health, and social justice as they relate to individuals and institutions.

Released in 2020, she directed her first documentary, "There All Along: The Women of Trinidad & Tobago," which featured rare interviews with three of the many women who participated in the Trinidad & Tobago 1970 Black Power Revolution.

In her spare time, Dr. Thompson enjoys singing and convening spaces where women can come together to provide encouragement, share ideas, and build community.

On behalf of the KCC faculty, she is honored to bring greetings to the graduating class of 2023.

Class of 2023 Valedictorian

Damien Niesewand

MAJOR: LIBERAL ARTS

Growing up in Minnesota, Damien Niesewand describes his time in high school as a long string of failures and personal crises. Struggling with undiagnosed ADHD and bipolar disorder, he hadn't planned on attending college, believing it wasn't for him. "I'd resigned myself to the idea that I'd spend the rest of my life working minimum wage," he shared.

After barely graduating high school, he worked in childcare, received the mental health treatment he needed, and relocated to New York to be with his partner. He also decided he was ready to change his direction. "During the pandemic, I reflected on my life and realized I wanted and deserved more than to be a passive observer in it; I wanted to regain my passion." That led him to applying to Kingsborough.

"Getting in at Kingsborough felt like the first step in a journey I'd been denying myself for years. I was terrified that my old fears of not belonging would be proven right, but I knew that I owed it to myself to try."

There, he found supportive faculty and staff who were genuinely dedicated to helping him succeed — and succeed he did!

While at Kingsborough, he was chapter secretary of Phi Theta Kappa, the international honor society; vice president and secretary of the Media Club; and a member of the LGBTQ+ Alliance.

A powerful writer, Damien took second place in the 2022 CUNY League of Active Speech Professors (CLASP) Persuasive Speech Contest. As a Kibbee Library Civic Engagement Student Fellow, he organized a clothing drive for trans and gender-nonconforming youth living below the poverty line.

On the Dean's List for three consecutive semesters, he was awarded the Dean's List scholarship in fall 2022. Damien was also a Point Foundation Community College Scholar and the recipient of the Gladys Brooks Scholarship.

Today, the liberal arts major is graduating as an honor student with a perfect 4.0 GPA, and a future in psychology — all while working part-time as a nanny to two elementary-aged children.

Damien's goal is to "make the world a little gentler for the next generation" by becoming a psychologist working with the LGBTQ+ community, particularly adolescents. "I wasted so many years thinking I would never amount to anything. I never want to feel that way again — and I never want anyone else to go through the same struggle that I did." He is currently choosing between Brooklyn College and NYU as the next step in his education.

"My time at Kingsborough has been an intense and glorious study of the process of reinvention. I finally allow myself to dream about the future again, and I dream big: from a bachelor's degree, to a doctorate, to my own clinical practice."
