**Writing on the Dark Side** $130
Tue 7-9pm
Oct 9-Nov 27

When writing about darkness you must let your mind run into unsafe territory, which often feels scary to talk about, much less write. The dark stuff requires you to let your imagination go there, to explore fully the self. Think about pain, loss, betrayal, or your deepest fears. Our strongest writing comes from accessing the places that scare us and then putting it on the page. In this course students will have short writing exercises and the opportunity for feedback from their peers. This class is open to all levels and genres.
