**A Message from the President**

The world of continuing education provides exciting prospects for individuals seeking to enhance their access to the broad spectrum of educational, growth, and career acceleration learning opportunities.

Here at the Office of Continuing Education at Kingsborough Community College, our course offerings can provide valuable career and salary growth, and help build skills that increase your value in the environments where you work. Many students take advantage of our High School Equivalency test preparation, as well as our ESL classes so they can acquire the necessary skills to move on to further academic and/or professional pursuits.

In today’s fast-moving world, we must learn new ways of thinking as we simultaneously find new ways of doing things. Global changes that focus on the economy, technology, healthcare and science are just a few among the areas that are informing how courses in continuing education have evolved in order to meet the growing demand for specialists in these fields. These changes demand that we engage in lifelong learning to keep up and to move ahead with our careers and personal lives.

While you’re here, we also encourage you to become familiar with the more than 60 degree-granting programs to support your career choice, or area of interest. As Brooklyn’s only community college, we want to help you connect to a meaningful educational experience that helps you to reach your next, best level.

**Farley Herzek**  
President

**A Message from the Dean**

The Office of Continuing Education at Kingsborough serves the diverse needs of the community with courses designed by learning experts and taught by industry professionals. You can find courses and programs to fit your needs and to help improve yourself, whatever your level of income and current level of education may be. We make higher education accessible and affordable for all. This is certain to give you an advantage for living and working in today’s demanding economy and job market.

Through the College For Kids program, students can improve their academic skills, and prepare for upcoming tests or have fun learning to swim, playing the piano or learning a new sport.

Thank you for considering Kingsborough in order to advance your skills and education.

WORKFORCE TRAINING / PROJECT RISE

Employers: Enhance your employees’ skills through Customized Training Programs

At Kingsborough, we have the solution for workforce training programs funded through contracts or grants, and can provide subject-matter specialists and professionals versed in solutions-oriented programs aimed at enhancing the skills of your employees.

We can design custom-tailored solutions to help your employees grow and your businesses thrive. We offer training programs based on your specific needs, following an assessment analysis and input from your organization. Group training programs can be provided at your site, at a mutually convenient location, or on the beautiful 70-acre waterfront campus of Kingsborough Community College. We will work around your schedule as well as provide any textbooks and/or materials needed for specific programs.

If your business is centered around healthcare, such as a medical facility, an HMO, Nursing Home, Senior Care Center, Assisted Living Facility, or a Physician’s office, we can provide the necessary training to help you run a smooth and efficient business.

Among the many subjects for which we have provided training, in addition to healthcare programs, are Leadership, Teamwork, Anger Management, Accent Reduction, Cultural Competency and Cultural Diversity, Sexual Harassment in the Workplace, Business Writing, Customer Service, and specific computer-related software training programs.

**High School Equivalency (TASC™)**

**Test Assessing Secondary Completion**

In January 2014, New York State replaced the GED® exam with the Test Assessing Secondary Completion (TASC™) as the principal pathway to a High School Equivalency (HSE) diploma. Every year, HUNDREDS of adults who prepare at Kingsborough earn their HSE diplomas, and many then go on to Kingsborough Community College’s degree programs! One of the best instructional programs to prepare you for the TASC™ exam:

- Test-taking practice with mini-exams based on the official TASC™ exam
- Anxiety reduction and test-taking skills
- Writing workshops to improve writing skills and prepare for the essay portion of the exam
- Assistance in getting scheduled at our HSE Testing Center as soon as you are “test-ready”
- Streamlined admission to Kingsborough Community College and counseling regarding other City University programs

You must be at least 18 years of age to enroll, and at least 19 years old to take the New York State exam. All students enrolled in the HSE program must pass the Official Assessment Readiness Test before taking the TASC™ exam. For more information: Call 718-368-5188

2D Animation
An easy and fun way to bring your art to life. Design graphic concepts and finalize it with animation.

Acting & Screenwriting
In this fun class, you will learn the fundamentals of screenwriting and acting. You will write and develop your own work through the creation of characters and stories while also learning acting techniques through creative play, improvisational exercises, script reading and scene rehearsals.

Amazing Photoshop™
You will be introduced to Photoshop tools while learning to develop logos, game characters, photo special effects, and more.

Basketball
Learn to shoot, dribble, and pass in this fun and active class.
You must wear sneakers.

Drawing & Painting
Learn how to create artistic pieces through drawing images and bringing your illustrations to life with paint.

ELA Test Prep (2-hr course)
Reduce anxiety and test jitters, and prepare for the New York State Language Arts Exam scheduled for April 5 through April 7, 2016.

Environmental Science
Explore some of the fascinating wonders within our environment. Learn where wind comes from, what is quicksand made of, what is a greenhouse effect and more!

Forensic Fun
An elementary introduction to detective science involving riddles, crime-solving and case-breaking activities. Learn to take and analyze fingerprints, detect counterfeit money, and more

Kickboxing
This high-adrenaline course strengthens the heart and lungs while awakening your inner strength and helps build confidence. You will learn kick and punch combinations while improving coordination and balance. This is a non-contact class.
You must wear sneakers.

Math Academy
Math concepts are presented in an enjoyable, non-threatening environment.
Skills covered will reflect current grade-appropriate curricula.

Math Test Prep (2-hr course)
Improve your testing performance, and prepare for the New York State Math Exam scheduled for April 13 through April 15, 2016.

Minecraft™
Think Minecraft™ is just a video game? Think again. You can create, explore and put problem solving skills to the test with storyboarding and level design.

Piano
Learn to play songs on the keyboard in this fun introductory piano course.

Reading
Interactive instruction designed to improve reading comprehension and basic reading skills.
Skills covered will reflect current grade-appropriate curricula.

Soap Box Derby
Learn about aerodynamics and how a car’s design can affect speed. In this unique course you will learn about car speed and design while working in teams to design, construct, decorate and detail your team cardboard soap box car in preparation for a big race!

Soccer
Learn the basic skills, rules and tactics of soccer.
You must wear sneakers.

Swimming
Gain confidence in the water and those with some swimming ability learn kicking, stroking and breathing.
Bring towel, swimsuit and a combination lock. Children must be at least 52” tall to swim. NO EXCEPTIONS. You will be measured!

Tennis
Learn the basic rules, skills and tactics of tennis.
You must wear sneakers.

Wiffle Ball
Learn the basic rules, skills, and tactics of wiffle ball, a variation of baseball that uses a plastic bat and ball.
You must wear sneakers.

Young Writers Workshop
Take those ideas out of your head and get it down on paper. Write short stories, learn techniques of writers and study styles of great writers.

Yoga
Start a life-long foundation of developing your body and mind. Yoga for kids is not only fun but also helps to increase concentration, focus, and attention.

Early Kiddie College
