

Honors Contract

Deadline Dates: Please submit all forms to Honors Office in room (M377) or scan/email to honors@kbcc.cuny.edu

STUDENT INSTRUCTIONS: Submit an application form (pages 1-3) no later than the second week of the new semester.

FACULTY INSTRUCTIONS: Submit project completion verification form (page 4) as soon as you post your grades.

An Honors Contract Project (HCP) offers individual students the opportunity to design and carry out a substantial research project, preferably in an upper-level course within a discipline, with the support of a faculty member who is an expert in the field. A completed HCP results in a final product, such as a research paper, a portfolio, an original artwork, a computer program, a video recording of a performance, etc.

The HCP involves writing a type paper (approx. 10 pages, 2, 5000 words) using Times New Roman, 12-point font, with documentation appropriate to the discipline. Some disciplines may not be suited for a research project, in which case a visual or performance equivalent project accompanied with a written summary of the project's learning outcomes may be accepted.

The HCP will be done in addition to regular course requirements. Students must earn a grade of B+ or higher on both the HCP and the final course grade in order to receive an Honors Notation on their final transcript.
