TRANSFER POLICIES AND PROCEDURES

Policies:

The consideration of transfer credit is determined by course equivalencies, including expected learning outcomes, with those of the College's curricula and standards.

Kingsborough Community College applies the following guidelines in order to award academic credit for prior learning.

I. ADVANCED STANDING CREDIT: A maximum of 30 credits will be accepted toward degree completion through the combined options of testing and course transfer, provided that each course was completed with a satisfactory grade; the course content is equivalent to a Kingsborough course; and the course is appropriate to the student’s graduation requirements.

II. AWARDED CREDIT:
   a. Credit will be awarded for courses from a regionally accredited non-CUNY college in which the grade earned was “C” or better. In those cases where a grade of “C-” carries two quality points on a four point scale, transfer credit will be granted. Courses with a grade value of "pass" or "satisfactory" will be accepted as transfer credits when the transcript states that a "pass" or "satisfactory" is equivalent to a C or above. All passing grades are accepted from CUNY colleges.
   b. Transfer courses will be awarded credit with no grade value (quality points) assigned. Transfer credits approved by Kingsborough Community College are counted towards attempted and completed credits. Transfer credits are not counted towards the GPA.
   c. Students may also earn academic credit through nationally recognized examinations. The college also awards advanced standing credit through sources like the Advanced Placement Examinations (AP Exam) of the Educational Testing Service and the College-Level Examination Program (CLEP) of the College Entrance Examination Board, when the matriculated student has met all the pre-requisites for that course. Each academic department will determine for its disciplines, which, if any, exams are acceptable. The college will exempt or award no more than two courses based on these exams and the credit awarded will count towards the transfer credit maximum of 30 credits. CUNY has determined that the passing score for AP exams is 4 or better. Students requesting transfer credit should contact the Registrar’s Office, Room A-101, ext. 5136.
d. Kingsborough does not evaluate foreign school documents or make admission decisions for international students: All foreign school documents are evaluated by the University Application Processing Center. Once they have evaluated foreign documents, the Registrar's Office at Kingsborough can conduct an evaluation of earned credits.

III. PATHWAYS Transfer Policies for Common Core Courses:

a. Once given, Common Core credit cannot be taken away, but a subsequent CUNY receiving college can designate additional completed courses as meeting Common Core requirements.

b. For within-CUNY transfers: The sending college will designate which of a student’s completed courses have fulfilled Common Core requirements on their campus. Receiving colleges cannot subtract from a student’s list of completed courses that fulfill the Common Core. Courses that were not included in the Common Core at the sending college but are equivalent to courses that fulfill Common Core requirements at the receiving college will be coded as fulfilling the requirement upon transfer. The receiving college may also evaluate additional courses not designated by the sending college as fulfilling Common Core requirements regardless of course equivalency based on an evaluation of whether the course meets the Pathways learning outcomes. In consultation with the student, the receiving college may change the Pathways requirement designation for a course to a different Pathways requirement designation, if doing so would be in a student’s best interest, and if the receiving college finds that the course meets the learning outcomes of the other Pathways area.

c. For transfers from outside CUNY: Receiving colleges will evaluate courses in the context of the Common Core learning outcomes. Courses evaluated as fulfilling Common Core requirements by the first CUNY receiving college will maintain that designation if the student later transfers to another CUNY college. The second (or later) CUNY receiving college must accept Common Core designations as determined by the first CUNY college, but may also evaluate any additional courses not designated by the sending college as fulfilling Common Core requirements to assess whether these courses meet the second (or later) CUNY receiving college’s own requirements.

d. The rules above apply only to the evaluation of courses for the Common Core and not to any courses taken for the major or as electives. In the evaluation of credits for the major, each CUNY college will evaluate the courses if there are multiple transfers.

e. Exception: Courses that have been designated as Gateway Courses into Majors will be accepted for major credit and/or credit as prerequisites for that major at all CUNY colleges that offer that major. That designation will be
accepted at any CUNY college to which the student might subsequently transfer.

IV. MILITARY TRANSFERS: Kingsborough Community College can transfer in courses recommended for college credit by ACE (American Council on Education – http://www.acenet.edu/). This organization has faculty who review, evaluate and recommend college credit for courses and training offered at a wide range of institutions. Many courses are not recommended for college credits. The ACE Website lists the participating organizations and the specific courses they recommend for college credit. To request the application of ACE recommended credits to your degree, have the institution where you took the course(s) send an official transcript which details the ACE recommendations.

V. COURSE AGE: In general, courses will be considered for transferability regardless of their age; however, the Nursing program restricts the age of Biology courses to be less than ten years.

VI. CHANGE OF CURRICULUM: When submitting a Change of Status Application form to change your Plan, you should also file an Application for Advanced Standing for the new Plan to have your credits re-evaluated to fit the requirements of your new degree. These forms can be obtained from, and must be submitted to, the Registrar’s Office in A-101.

VII. REMEDIAL COURSES: Remedial courses are not accepted as transferred courses; however Math courses equivalent to our M2 course are shown on the transcript, with no credits earned, to ensure proper Math placement.

VIII. SECOND DEGREE STUDENTS: Students who have received an Associate’s Degree from Kingsborough may apply for a second degree from the College. Second degree applicants must file a transfer application at the Admissions Office. Applicants may be required to pay the $70. application fee. Students seeking a second degree are required to complete a minimum of 30 credits towards the current Associate’s Degree in residence.

IX. CERTIFICATE PROGRAMS: Matriculated students may request transfer credits be evaluated. At least one-half of the total number of credits needed for the certificate must be taken in residence.
Procedures:

The College implements the following procedures in evaluating academic credit for transfer.

I. Transfer of Credits

a. Transfer students who have previously attended a college or other college-level post-secondary school must submit a Transfer Admission Application along with an official transcript from each college or post-secondary school attended. If the applicant has earned less than 24 credits, an official high school transcript or original GED or TASC scores must also be provided.

b. Only official transcripts or score reports sent directly to Enrollment Services from the issuing institutions/organizations or delivered in a signed, sealed envelope will be reviewed. Facsimiles and/or unsealed documents are not considered official. Official documents for credits earned prior to admission should be submitted no later than the end of the first semester of attendance to meet subsequent course prerequisites and provide for accurate academic planning for degree completion. External courses and exams completed while currently in attendance should be submitted as soon as possible.

c. Students who have transferred from Kingsborough Community College without earning an associate degree or certificate may complete program requirements by transferring back a maximum of two courses or eight credits that have been successfully earned at other institutions. These must be approved as equivalent to the degree requirements of a program of study at the College, in accordance with the 30 credit maximum transfer credit policy noted above.

II. Appeal Procedures:

a. It is possible that errors in the articulation of coursework or prior learning can occur. In the event a student believes that this has occurred, he or she should contact the Office of the Registrar to discuss the evaluation results with a transfer evaluator and provide any additional documentation needed to assist with the review (e.g., an updated transcript or college catalog, syllabus, or other documentation from the sending institution).

b. If this issue has not been resolved, then the student can appeal to the Chair of the individual department to which the course belongs.
