**SPRING 2015 NURSING 19 STUDENTS**

**MINI 1**

The First Day of Class: Wednesday 03/04/2015 for students in Sections 02 and 03. Students who are in Section 02 are to meet their clinical instructor in the main lobby of Brooklyn Hospital at 8:00am. Wednesday, 03/04/2015. Students in Section 03 are to meet their clinical instructor in the main lobby of Maimonides Medical Center at 4pm on Wednesday, 03/04/2015. Students in Section 06 will have their first clinical day on Friday, 03/06/2015 and are to meet their clinical instructor in the main lobby of Woodhull Hospital at 8am, 03/06/15. Students in Section 01 have their first clinical day on Monday, 03/09/2015 and should meet their clinical instructor in the main lobby at Maimonides Medical Center at 8am. Students in Section 05 have their first clinical day on Monday, 03/09/2015 and should meet their clinical instructor in the main lobby at Brookdale Hospital. All students who have clinical rotations at Brooklyn, Brookdale and Woodhull Hospitals should purchase navy blue scrubs, and a white lab coat, and bring them with you on the first day of clinical! Students assigned to Maimonides Medical Center will be given scrubs on the first day, but they should also purchase a white lab coat. **All students should report to their respective clinical sites at the assigned times and places in full KCC white uniform and with their KCC ID, and proof of their flu shot.**

*ALL students must have health clearance, verification of influenza vaccination, and a valid CPR certification prior to the start of classes. A copy of verification of influenza vaccination must be brought to the clinical agency on the first clinical day. Please retain a copy of each of these; some of the clinical agencies require a copy of this documentation for their records.

***Please Note: You are no longer required to purchase individual malpractice insurance as CUNY has purchased a policy that covers all nursing students.***

The first day of Lecture for all students in all Sections is Thursday, 03/05/2015. Please see below for the time and location for all sections. Please note DIFFERENT TIMES FOR LECTURE AND LAB DEPENDING ON YOUR SECTION.

All students are required to complete and pass a dosage calculation exam the first week of classes. ALL students must submit health clearance, proof of flu shot, and a valid CPR certification to the Nursing office prior to the start of classes. Please retain a copy of each of these; some of the clinical agencies require a copy of this documentation for their records. (As noted above, you must bring proof of your flu shot with you to the first clinical). Failure to have health clearance, proof of flu shot, and CPR certification will result in a clinical absence.

**DATES & TIMES OF CLASSES**

**Sections 01, 02, 03 (Tuesday Room 425, Thursday Room M406)**

**Lecture:** Tuesday – 12:40 pm– 2:50 pm and Thursday – 11:30am – 2:50pm

**On Campus Lab:** Thursday 8:00 am – 10:10 am.

**Clinicals:**

Sections 05, 06 (Wednesday Room M411, Thursday Room M411)
Lecture: - Wednesday – 11:30am – 1:40pm and Thursday – 11:30am - 2:50pm
On Campus Lab: Wednesday – 9:10am – 11:20am.
Clinicals: Monday 8am - 4 pm Section 05 – Brookdale Hospital
Friday 8am - 4pm Section 06 – Woodhull Hospital

During your first week in this MINI, you will rotate through Labor and Delivery. It will be extremely beneficial to you to become familiar with certain aspects of the delivery of care to Women and their families when they are in labor, PRIOR to attending clinical. Therefore, Chapters 13 and 14, Nursing Care During Labor and Birth and Intrapartum Fetal Surveillance, should be read prior to the first week of classes. Keep in mind and try to respond to the following questions while reading:

1) What is involved in a nursing assessment of a woman in labor?
2) How is the fetus assessed?
3) What is the difference between normal and abnormal labor?
4) What is the nurse’s role in supporting and advocating for a woman in labor?
5) Identify five nursing interventions to prevent fetal compromise.

The lists of the required paperwork for classroom and clinical are below, please have them available for the first day of Class. They should be available on Blackboard prior to the start of class.

Required Paper Work for Clinical Area:
- Nursing 19 Syllabus
- Intrapartum Assessment,
- Nursing Postpartum Assessment,
- Newborn Assessment
- L&D Worksheet
- *Unfolding Care Plan (Intrapartum and Postpartum/Newborn)
- Antepartum Client Assessment Guide,
- Student Guide for Antepartal Clinical Experience,
- Student Guide to Nursing Care in Labor.

ADDITIONAL INFORMATION TO REMEMBER:

• MANDATORY ATI TESTS Mini 1 (Sections 01, 02, 03, 05, 06)
• Due dates for ATI and Clinical Assignments TBA

We look forward to a great semester!
