KINGSBOROUGH COMMUNITY COLLEGE
URBAN GARDENING

NHB 08
Spring Urban
Vegetable Gardening $100
Tues 5:30–8:30pm
April 28–June 16

This course covers all of the basics of urban gardening from soil to seed to table. Deepen your understanding of growing edible crops, starting plants from seed, pest management, soil science, and more at KCC Urban Farm. Learn basic skills such as soil conditioning, crop planning, composting, planting, and harvesting to get on your way to producing your own fresh herbs, greens, fruits, and vegetables. This course also covers finding land for gardening in NYC and building a garden from scratch. Students will plant and take home vegetable seedlings for their own gardens at home!

Materials Fee: $15

NHB 39
Planting Seeds $40
Wed 5:30–8:30pm
April 29 AND
Wed 5:30–8:30pm
May 13

Learn the ins and outs of starting your own organic vegetables from seed. This two-day course will include seed science, pest management, equipment, and maintenance to successfully carry your crops through germination. Participants will take home seedlings to kick-start their gardens at home!

Materials Fee: $5
