Urban Vegetable Gardening

The Kingsborough Urban Farm is a high production, year-round site on the Kingsborough campus with a hoop house and a composting system.

**NHB 59**
Intro to Urban Vegetable Gardening $100
Tue 5:30-8:30pm
July 7-Aug 25
Learn all of the basics of urban gardening from soil to seed to table, as well as how to find land for gardening in NYC. Deepen your understanding of growing edible crops, pest management, soil science and more at KCC Urban Farm. Learn basic skills such as soil conditioning, crop planning, composting, planting, and harvesting. You will plant and take home vegetable seedlings for your own garden.
**Materials fee: $15**

**NHB 60**
Advanced Vegetable Gardening $130
Wed 5:30-8:30pm
July 8-Aug 26
This class will be a hands-on immersion into growing food, with lots of practice at KCC Urban Farm, and communal space to grow your own fresh produce. We will go deeper into soil science, botany, and carpentry, leaving students confident and well-equipped to grow small-scale vegetable gardens.
**Prerequisite: NHB59 Intro to Urban Vegetable Gardening OR some previous gardening experience.**
**Materials fee: $15**

**NHB 99**
Your Urban Herbal Medicinal Cabinet **NEW!** $100
Thur 5:30-8:30pm
June 18-July 30 (no session July 2)
This class will focus on six native plants considered essential natural remedies. You will learn how to grow plants from seeds and cuttings; the properties, benefits, risks and care of each plant, as well as when to harvest them. Dried herbs will be available to incorporate into making different herbal preparations such as teas, tinctures, oils, and syrups that participants can take home.
**Materials fee: $25**
