An intensive course for high school students preparing for the NEW Oct. 1, 2016 SAT. Certified instructors provide review and practice under simulated test conditions to help prepare students for the NEW verbal reasoning, optional essay portion, and problem-solving skills measured by the revised test. Study skills, coaching and test-taking tips are provided, as well as individual and group conferences with a certified college counselor. A workshop for parents and guardians is included in the last session.

The textbook is available for purchase in the College’s bookstore and should be brought to all class sessions.
