An intensive course for high school students preparing for the *NEW Mar 5, 2016* SAT. Certified instructors provide review and practice under simulated test conditions to help prepare students for the *NEW* verbal reasoning, optional essay portion, and problem-solving skills measured by the revised test. Study skills, coaching and test-taking tips are provided, as well as individual and group conferences with a certified college counselor. A workshop for parents and guardians is included in the last session.

*The textbook is available for purchase in the College's bookstore and should be brought to all class sessions.*
