ESSAY

In 350 – 500 words, describe the area of study that you would be interested in conducting an independent research project in the Behavioral Sciences. Please be as specific as possible and be sure your essay is written in a clear and organized manner. The essay is to include a theory you have on a **specific topic** and a **research question** you are interested in investigating.

I wish to research the area of (Example: Advertisement in print media)

The specific topic I wish to research within the area above is (Example: Jean ads in teen magazines)

Please be as specific as possible. This is important because the program is only twelve weeks in the spring and 12 weeks in the fall. The smaller your focus the better your proposal will be. Please submit your typed essay with your name, high school and title on the top of your paper.
