

Networking Events Outside KCC

- **American Public Health Association**

<https://www.apha.org/events-and-meetings/annual>

The American Public Health Association Annual Meeting is one of the largest public health conferences in the world, bringing together thousands of students for educational scientific sessions. The meeting features presentations on current public health issues, an expo with various exhibitors, and virtual programming focused on advancing health equity. Student members receive discounted registration to attend in-person as well as virtually.

- **National Wellness Alliance**

<https://www.wellnessalliance.org/education-and-events/annual-wellness-summit/event-overview>

The Annual Wellness Summit is a yearly conference that brings together students to explore the latest trends and strategies in health and well-being. The summit features keynote speakers and interactive workshops. They also focus on workplace wellness and community well-being. NWI members additionally receive discounted registration.

- **New York State Public Health Association**

<https://www.nyspha.org/>

The New York State Public Health Association hosts annual public health partnership conferences to discuss current health issues and innovations. These conferences feature student poster presentations and workshops focused on improving health in the community.

- **NYC Department of Health and Mental Hygiene**

<https://www.nyc.gov/site/doh/providers/resources/training-opportunities.page>

The NYC Department of Health Training Opportunities provides a variety of educational programs for healthcare workers. They include mental health trainings and certification courses. These opportunities are designed to help participants build practical skills and support community health initiatives across New York City.

- **CUNY Career Launch**

<https://www.cuny.edu/about/administration/offices/ocip/students/spring-forward/>

The CUNY Spring Forward Program is a paid internship program for CUNY undergraduate students that helps them gain experience in healthcare and community services. The program provides students with hands-on work experience while allowing them to earn income and explore potential career paths. This can be applied for many New York City organizations and businesses.
