

Professional Organizations

- **Sea Sisters Organization**

<https://www.seasisters.org/>

Sea Sisters is an organization dedicated to increasing the recruitment of women in the maritime industry. They provide career resources, mentorship, and networking opportunities to help women pursue, advance, and build long-term careers in maritime fields.

- **Marine Technology Society**

<https://www.mtsociety.org/>

The Marine Technology Society is an international organization that advances marine technology by connecting students, professionals, and researchers in ocean-related fields. This organization offers valuable networking opportunities, committees, and access to industry research to support careers in marine science and technology.

- **American Professional Mariners Association**

<https://americanmariners.org/>

The APMA is a national nonprofit organization that supports maritime professionals and employers both at sea and on the waterfront. It provides career resources, networking opportunities, training connections, and support programs that help individuals build and advance successful careers in the maritime industry.

- **National Maritime Historical Society**

<https://seahistory.org/>

The National Maritime Historical Society is a nonprofit organization dedicated to preserving and promoting awareness of maritime history and heritage. Through publications like Sea History magazine, educational programs, lectures, and heritage initiatives, it inspires and educates future generations about the sea's impact on civilization.

- **Institute of Navigation**

<https://www.ion.org/>

The Institute of Navigation (ION) is a global nonprofit professional society dedicated to advancing the science and practice of positioning, navigation, and timing (PNT). It brings together professionals, academics, and organizations across air, space, marine, and land navigation to share knowledge, research, and training opportunities.
