- **Change your major.**
- **Create your class schedule.**
- **Open to all students.**
- **Walk-in. First come, first served basis.**

What is Academic Advisement?

During Academic Advisement, students and their Academic Advisement Professional (advisor) work together to develop the students' understanding of their academic and personal development toward success and lifelong learning. Throughout this collaborative process, students learn to set and attain academic goals, overcome personal and academic barriers, and select appropriate courses required for their major. Students are encouraged to develop a strong connection with their advisor, and make an advisement appointment as early as possible.
