**Students** may not perform their clinical rotation in a facility in which they are employed. It is the student’s responsibility to notify the nursing office.

The syllabus is online at the Kingsborough Community College website (Nursing Dept.) and on Blackboard.

There is also a Fluid and Electrolyte case study on the KCC website under the Nursing Department, under forms that ***MUST be completed prior to the first clinical day. Please bring a copy of the completed case study to the first clinical day of class.***

***STUDENTS WILL BE TESTED ON THIS MATERIAL THE FIRST DAY OF CLINICAL!***

Students ***MUST*** access Blackboard early for announcements and pertinent information/documents and bring these documents (e.g. lecture schedule, day to day, power points, etc.) to the first day of class. Bring a copy of the Unfolding care plan to the first day of clinical/lecture.

ALL students must have health clearance, background check, verification of influenza vaccination, and a valid CPR certification prior to the start of classes. A copy of verification of influenza vaccination must be brought to the clinical agency on the first clinical day. Please retain a copy of each of these; some of the clinical agencies require a copy of this documentation for their records.

***Please Note: You are no longer required to purchase individual malpractice insurance as CUNY has purchased a policy that covers all nursing students.***

***All students are recommended to practice NUR 1800 skills during the semester break. College lab practices will be scheduled prior to the beginning of the semester during assigned hours.***
***Reminder: Review NUR 1700 content as students will be tested on drug calculations the first week of school. An 80% pass rate is required.

NOTE: GRADING CRITERIA for the course is outlined in the Course Syllabus available on the Nursing Department website and will be reviewed by faculty on the first day of class.
