

# Supply Chain Delays – Update

Thursday, November 18, 2021

The Campus Community,

The Global Supply Chain delays have begun to effect the college's daily operations and our ability to procure white reprographic copy paper that is used daily by every department on campus and for larger printing requests to Reprographics.

In order to help mitigate this issue, our current on-hand inventory includes color paper that we will be using to print job requests submitted to Reprographics and to fill department requests for copy paper.

The following are the colors available when requesting copy paper or print jobs:

- Pink
- Yellow
- Green
- Blue
- Ivory
- Golden Rod

Please specify which color you would like when requesting print jobs or office copy paper.

Please do not hesitate to contact me with any questions.

Thanks you.

Ed Rios  
Vice President for Finance and Administration  
Kingsborough Community College
