Your KCC Legacy Begins Today

More than just an attractive work of architecture, the Kingsborough Way is an elegant symbol of the college's history. As you walk between the columns, you will notice a series of bricks on either side of the path, as well as commemorative bench and tree plaques named for proud alumni, noted professors and administrators, generous donors and other members of the greater KCC community. Other locations throughout the campus, such as the waterfront and surrounding academic buildings, also feature commemorative bench and tree plaques. Whichever location you choose for your landmark, you can be assured that your legacy will endure at Kingsborough.

Kingsborough provides you an opportunity to honor a friend, family member, colleague or even yourself. In doing so, you also will be making a vital contribution to Kingsborough's continued growth and development.

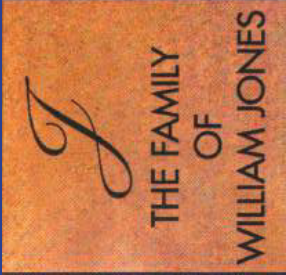

Choose from engraved bricks or commemorative bench and tree plaques, any of which can serve as your very own landmark on the KCC campus.
