WHAT IS THE STRONG INTEREST INVENTORY AND HOW CAN IT HELP YOU?

The Strong Interest Inventory assessment can help you identify your work personality by exploring your interests in six broad areas: realistic, artistic, investigative, social, enterprising, and conventional. It then breaks these areas into 30 specific areas of interest that can be directly related to fields of study, careers, and leisure activities. In addition, it describes your personal style preferences in five areas: work style, learning environment, team orientation, leadership style, and risk taking. It also ranks your top 10 most compatible occupations from a list of 260 specific jobs.
