Certified Nurse Aide (CNA) Intensive

A Certified Nurse Aide assists Licensed Practical Nurses (LPNs) and Registered Nurses (RNs) with direct patient care. This demanding, yet exciting program will prepare you for an entry-level position in a nursing home or hospital facility. (135 clock hrs—96 hrs classroom, 32 hrs Supervised Clinical Experience, 7 hrs CPR)

CTF 78/79 CNA Intensive (T) (M) $750
MonTueWedThr 6-10pm*
Jan 27-Mar 24

Tuition support for this program is available through The Audacia Foundation, Inc. Workforce Investment Organization (WIO) NYSDOH MLTC Workforce Investment Program Funding. Students who enroll are eligible for reimbursement after submitting application given during the first class session.

This course introduces students to the needs of the patient, legal/ethical issues, effective communication and anatomical changes accompanying the aging process. It will also cover health and nutrition and the care of persons with cognitive and mental disabilities. Includes 32 hours of supervised clinical experience in a Residential Health Care Facility.

*32-hours of clinical experience will be conducted during early afternoon and evening hours.

Prerequisite: Medical clearance is required to participate in the clinical experience. Basic Life Support/CPR (RTP40) must be completed before the clinical experience. Course textbook, uniform scrubs and CNA certifying exam fees are not included in the tuition. Materials fee: $40

This course provides the skills to recognize and provide care in respiratory and cardiac emergencies, using the latest 2015 AHA guidelines, to teach adult, child and infant cardiopulmonary resuscitation and automatic external defibrillator use. Basic life support skills include CPR, AED use, and ventilations.

You must come in person to T8206 register. We do not accept cash (checks, money orders and credit cards will be accepted).

All course titles with a (T) require a textbook.

Use of American Heart Association materials in an educational course does not represent course sponsorship by the American Heart Association. Any fees charged for such a course, except for a portion of fees needed for AHA course materials, do not represent income to the Association.

A white lab coat is required for the following courses: CTF 42 - Concepts of Pharmacology, CTF87 - Basic Patient Care Skills and Medical Law, CTF88 - Diagnostic Tests, CTF90 - EKG/ECG Technician and CTF 91 - Phlebotomy Procedures.
