PURPLE GROUP BUNDLE 5 - 6 year old's only

9:30am-1:00pm
Five and six year old's are encouraged to explore, imagine and have fun, while in a separate learning environment from the older children. Interactive lessons in reading, writing, math, science and art will be provided while allowing time for sports and games.

COURSE DESCRIPTIONS

3D Design - Learn how to create computerized 3D designs.

Art - Students will have the opportunity to learn basic illustration drawing and create with mixed-media.

Basketball - Learn to shoot, dribble and pass in this fun and active class.

Digital Influx Academy - "User Experience Design" is the design process used to improve our human interactions with products and services, from websites and apps to theme parks. Students will develop deep content knowledge as well as critical thinking, collaboration, creativity, and communication skills. They will gain knowledge and skills by investigating and responding to authentic, engaging, and complex topics, problems, and challenges.

Math Academy - Math concepts are presented in an enjoyable and engaging environment.

Physics 4 Kids - Learn about the spectacular world of physics including motions and forces. You will learn how to make a rubber band powered car, a sound wave phone, and more.

Rock Star Readers - Students will develop literacy and vocabulary skills while building confidence.

Soccer - Learn basic skills, rules and tactics of soccer.

Writing Superstars - Students will practice and develop writing skills through storytelling and composition.
