

College Now

» Helping high schoolers become better college students

College Now (CN) is a FREE college transition/dual enrollment program for NYCPS high school students. The program is available at all CUNY undergraduate colleges, enabling NYCPS high school students to develop academic momentum toward a college degree, make informed choices about college, and learn how their education can lead to a rewarding career.

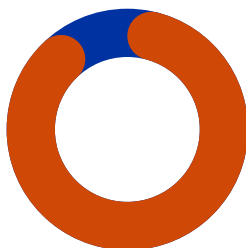

Students can earn up to 15 credits for free, which translates to a savings of more than \$4,000 in tuition at a 4-year CUNY college. Students earn a college transcript from CUNY representing the grade and credits they earned. Credits earned in CN are accepted at all CUNY, most SUNY, and many private colleges and count towards the annual credits needed to qualify for the New York State Excelsior Scholarship.

College Now students earn more 1st semester college credits

College Now students experience college success while still in high school

92%
of CN students earned a passing grade

“

My only regret is that I did not join the program earlier. It's through College Now that I realized that college is something I can handle.
