RECESSIONAL

Greetings from the President

Dr. Claudia V. Schrader

This is it! Commencement Day! Today is the day that you have worked, sacrificed, and hoped for and I could not be prouder of all of you!

Class of 2022, all 1,865 of you took different paths to Kingsborough Community College. Some of you walked through our gates as recent high school graduates, while others took paths that did not lead directly to college after high school. For many of you that was because of the need to work and support your families, while for others it was your desire to serve your country. Many of you came as transfer students, as the first person to attend college in your family, or as students who decided to give college a second chance. And so many of you were lured to Brooklyn's only community college here to be a part of our outstanding ESL, ASAP, College Discovery, and KCC Flex programs, which would give you the support you needed to be successful.

Despite your diverse paths to Kingsborough, today you can all claim yourselves as college graduates. We could easily call today 'Conclusion Day', but we call it Commencement Day because your journey is far from being over, in fact it is just beginning.

There's a Chinese proverb that says: "The best time to plant a tree was 20 years ago. The second-best time is now." This means that if you want success in the future, you must act now. Class of 2022, act now to continue blazing a trail of success through transfer to a four-year institution. Act now to be outstanding in your chosen careers. Act now by giving back to your community and your alma mater. Act now by demonstrating resiliency in challenging times like you have these past two years, and act now by fully embracing opportunities that come your way.

On behalf of the faculty and the staff of Kingsborough, I want to thank you for enriching our lives. We cherished your laughter in the halls, presence in our offices, and vibrancy in our classrooms. May you always cherish your time with us. Congratulation graduates and newest alumni! I wish you success in all you do.

Dr. Claudia V. Schrader
President

DEPARTMENT OF NURSING

A family nurse practitioner, Bridget (Maggie) Weeks has over 20 years of teaching experience in undergraduate and graduate nursing education. CUNY educated, she received her B.S. in nursing from Hunter College, her M.S. in nursing from Lehman College, and an advanced certificate as a pediatric nurse practitioner from Hunter College. For most of her nursing career, she has worked in emergency departments of hospitals throughout New York City.

Prof. Weeks began her career at Kingsborough Community College as an assistant professor in the nursing department in September 2001, and is now a full professor. In 2013, she was elected chair of the nursing department.

She was married to a retired NYC fireman/registered nurse, now deceased, and has two grown sons. When she's not teaching the next generation of first-responders, she enjoys boating and reading.

On behalf of the KCC faculty, she is honored to bring greetings to the graduating class of 2022.

Class of 2022 Valedictorian

Jory E. Keogh

MAJOR: FINE ARTS

When the invitation to his 10th high school reunion arrived, Jory Keogh reflected on why his first instinct was to decline to go. He realized his greatest regret was not pursuing a college degree. “I may have been happy, but there remained this longing, an urge to prove something to myself after having ended high school on such a sour note,” he recalled.

Instead of continuing to wallow in that sense of regret, he chose to enroll at Kingsborough. While the application process, securing transcripts, and applying for G.I. benefits from his father’s military service were challenging, with help from KCC staff, he persevered. “As a first-generation college student and as an immigrant, I doubted myself constantly as more and more challenges arose,” he said. “But everywhere I turned at Kingsborough. I found people willing to work with me – helping me to take that first step towards earning my degree.”

His first two classes – drawing and film genres – and the A+ grades he earned helped set the tone for his college career. During that first semester, he’d also discovered a welcoming community, from the ASAP office to MAVA (Military and Veteran Affairs office) to the art department, which helped him hone the painting skills he had developed on his own during the 10 years since graduating high school.

When the pandemic struck, and his in-person community disappeared, his first impulse was to pack it in, but the momentum from the first semester fueled his resolve. “Inside, there was an inherent craving to continue learning and prove to myself that this was no fluke: I chose to go back to school, and now that I’m here, I won’t back down so easily.”

He developed an online community, often exchanging long emails with professors and advisors – and he found his voice. Along the way, he also discovered a love for photography, which helped channel his creative instincts into award-winning pieces.

Jory graduated in August 2021 with an associate degree in fine arts, and a perfect grade point average of 4.0. He transferred to Hunter College, where he is majoring in studio art, concentrating on painting, and minoring in film.

“The artwork that lines my walls reflects the artist and the man I have become and serves as a reminder of my growth as I push myself forward at Hunter College,” he noted. “While I still work diligently to maintain my grades and build wonderful new relationships at Hunter, I find that it is the countless tools learned at Kingsborough that continue to serve me to this day.”
