Editor's Note: Due to COVID-19 restrictions, Thorton Studio and Kingsborough Community College accommodated and included as many students photos as possible, while also adhering to safety protocols and guidance. Graduating students were informed of the opportunity to be photographed via their KCC student email.

Claudia V. Schrader
President

To the Tenacious Class of 2020,

Congratulations! You did it! I am not just referring to you making it through this semester, experiencing a global pandemic, and persevering through the changes and challenges that came with it. I am talking about how you set a goal for obtaining your college degree and achieved it!

Years from now, when you look back at this time, I want you to remember walking through the Clusters to your next class; the lifelong friends you made; sitting in the cafeteria laughing with your friends; the way you felt when you passed that test you studied so hard for; the professor who open the doors to knowledge even wider for you; the staff member who went above and beyond to help you solve an issue; running to the T-buildings in the winter because it was so cold; hanging out by the seawall and the beautiful ocean, deep like the knowledge you have gained during your time at KCC and wide like the success you are destined to have in your future.

As you continue on to four-year colleges or enter the workforce into your chosen professions, continue to demonstrate the same spirit and tenacity in these endeavors as you did at KCC. When you encounter obstacles, continue to believe in your ability. Do not be afraid to take chances. If you fall, stand back up and dust yourself off.

Your class valedictorian, Jaweria Bakar, encountered obstacles but discovered that “challenges are the storms we must face to rise to greater heights.” After a 10-year break from school and facing some challenging moments in her life, Jaweria, a wife and mother of two who migrated from Pakistan, enrolled in Kingsborough Community College in 2018 and graduated this year top of her class. She is on the road to Yale University with a scholarship from the Jack Kent Cooke Foundation.

2020 is still a year of great vision. I see bright futures for each and every one of you, filled with opportunities to make a difference in the world and to serve and lead in your communities. May your path take you to all the places you want to go, and may you always remember the path back to your alma mater, Kingsborough Community College, where your dreams began.

My best wishes and continued success to you.

Claudia V. Schrader
